

O'Brien speaker for Jaycees dinner

The Chief Deputy Attorney General of California, Charles A. O'Brien will be keynote speaker at the annual Distinguished Service Awards Banquet of the Ontario-Upland Jaycees.

The banquet will be held Wednesday, April 22, 7:30 p.m. at the Uplander, Upland, to honor the outstanding young man of the community for 1969.

Nomination forms have been sent out to the local service organizations, churches, etc., but a nominee may be submitted by anyone.

The only requirement is that the nominee must be a man between the age of 21 and 35. Forms may be obtained by writing the Jaycees, P. O. Box 246, Upland, or phoning the project chairman, Al Wissing, 983-1451.

Deputy Attorney General O'Brien is the second-ranking law

Charles A. O'Brien

officer in California and directs one of the largest legal state staffs in the country... over 250 attorneys.

Area wide group is Jaycees' aim

The Ontario-Upland Jaycees by action of their Board of Directors have voted to change the name of their organization to the West End Jaycees.

Along with the name change comes a reorganizing of their present structure. The new arrangement involves the formation of chapters in each of the West End cities, namely: Ontario, Upland, Chino, Cucamonga, and Montclair.

These chapters will have their own officers and Board of Directors, and sponsor projects within their own communities, but will be under the supervision of the Executive Board of Directors.

"One of the advantages of such a council-type arrangement," says President Mike Willis, "is

that if one of the cities projects lacks enough manpower to do the job right, the other city locals will pitch in and help."

The Jaycees is a community service organization made up of young men between the ages of 21-35 who are concerned with the problems within their community and in the improvement of their own leadership ability.

The current officers of the Ontario-Upland local will become the Executive Board of the West End Jaycees and a massive membership drive will be under way in each of the cities. Anyone interested in joining the West End Jaycees and can help form the city chapters may get in touch with the club's membership director, Lee Coake, 982-7904.

Pettis comments on aid cut-off

Fourteen San Bernardino County School Districts educating more than five thousand children of federally-employed parents would be completely cut off from all impact aid assistance if proposed reform legislation is enacted, Representative Jerry L. Pettis (R-Loma Linda) charged recently.

In addition, the remaining thirteen county school districts currently receiving P.L. 874 funds would suffer "drastic cutbacks" in their entitlements, Pettis said. For example, San Bernardino Unified School Districts could expect only about half of their anticipated \$1.1 million in 1970-71 entitlements if grants are computed under terms of the proposed new law.

"I fully realize that there have been inequities in impact aid," Pettis acknowledged, "but the corrective formulae now being recommended are neither completely fair or wise because they strike at the communities where these present inequities are non

existent and not for which the program was originally conceived."

The fourteen school districts facing elimination of impact assistance include Alta Loma, Central, Ontario-Montclair and Upland elementary; Chaffey Union high school and Chaffey Jr. College.

"My Congressional District is largely a rural area and therefore the total assessed valuation per school pupil is very low," Pettis explained. "In order to provide the kind of educational program needed, it has been necessary for the school district to exceed the statutory maximum tax by the voters approval of an override tax."

"I feel that we surely would not enact a bill that would penalize a district which happens to have a very high concentration of federal impact pupils," Pettis said. "The least we could do is to let the school district apply under whichever section is best for that district."

Budget cuts proposed by Citizens Committee

Believing that budget cuts begin at home, the Upland School District citizens committee studying the financial crisis in the district proposed severe cutbacks be made in the budget.

The committee, following rules set up by its steering committee at the beginning of the meeting, did not vote on any of the suggestions, delaying that action until next Tuesday.

Opinions on how to approach the problem differed.

Proponents of the severest action called, in general terms, for curtailment of services, reduction of pupil transportation, establishment of a \$22,000 maximum salary for the district superintendent, elimination of two assistant superintendents and others.

Some simply suggested that a tax override of perhaps "75 or 80 cents" be submitted to the voters.

To set up a tax override on the ballot in time to produce funds for the 1970-71 school year, the district board of trustees must act by April 21. This would set a finance election for July 21.

Proponents of the more drastic cutbacks included Richard E. Holdaway, representing the Valencia School PTA; Fred W. Kramer, of the Sierra Vista School PTA, and Mrs. Walter Riedel.

Holdaway suggested that the district institute a number of strict economies as "a condition precedent to asking" voter approval of a 50-cent tax override -- "this override to be in effect for three years from July 21, 1970."

Steps suggested by Holdaway to "help establish (public) confidence in the need for a tax override" included:

--Grant no salary increases "that would result in an increased deficit. Also no direct education services should be curtailed to permit any non-deficit salary increases."

--"Eliminate all but one assistant superintendent position."

--"Request the resignation of the district superintendent and assistant superintendents to

serve at the board's pleasure pending reorganization."

--"Set a maximum annual salary of \$22,000 for any district position, with no other employee earning as much as or more than the superintendent."

(Supt. Vern H. Orum is under contract to serve the district as superintendent for two more school years -- 1970-71 and 1971-72 -- at a salary of \$24,650.)

(In addition, the board of trustees recently approved renewal of the contracts of the three assistant superintendents for the 1970-71 school year.)

(In response to questions, officials said the district is legally bound to honor these contracts.)

Holdaway further suggested that the district "put food services on at least a break-even basis or eliminate the program except for underprivileged children." The district should sell no capital items to meet operating expenditures.

Kramer's suggestions, involving proposals for a number of strict cutbacks, were covered in a nine-page correspondence circulated to committee mem-

bers and the audience.

Reiny Schneider, a committee member who teaches at Foot-hill Knolls School, suggested that a tax override proposal be submitted to the voters that would provide sufficient funds to "cover next year's deficit" and provide pay increases that would keep up with the "inflationary spiral" over the next three years. When questioned, he suggested a tax override proposal of "approximately 75 or 80 cents."

The preponderance of committee opinion appeared to be that under existing circumstances it would be difficult if not impossible to pass any tax override.

Some committee members, however, expressed the view that

a tax override election might succeed.

Committee member Frank Milgaleo, also president of the Upland Educators' Association, told fellow committeemen that "if you have good education you're going to have to pay for it. By waiting, you are only compounding the problem."

Committee Chairman Harold A. Ballin said he wanted to warn "in the strongest possible terms against the meat-ax approach that has been taken tonight." He expressed the view that "the board (of trustees) would rather see us make no recommendations at all than to make recommendations that are not based on something more than conjecture."

Join Boys' Club for half-price

April 19-25 has been designated as "1/2 week" by executive director, Rudy Rodriguez. During this one-half week the boys may join the Boys' Club for one-half dues. Regular membership dues are \$1 per year, but during this special week all boys between the ages of 7-19 may join for 50 cents.

For all the boys who join, a free Boys' Club T-shirt iron-on will be given. In addition, a courtesy card good for a hamburger, coke and French-fries will be given by McDonald's of Upland. Also in the bargain, the boys will have an opportunity to meet and make new friends.

Some of the activities that boys are now enjoying are ping-pong, judo, wiffleball, shuffleboard, arts and crafts, football, basketball, weight-lifting, table games, trips and other special events.

The Boys' Club in Upland is often called "the most inclusive club in town" because its doors are wide open. The club attracts and can serve large numbers of boys because its activities and purposes are directed to and centered on boys of all nationalities, races, creeds and income groups and has a special concern for boys from areas of need.

Sidewalk sale fun for all

A series of events will mark the April promotion of the Upland Town Center. Appearing all this week is the "Last Supper" a wax production of Leonardo da Vinci's masterpiece, this life-sized reproduction is free to the public.

On Friday, April 17, the Regina Winery Lilliputian Horses will be on the concourse giving free stagecoach rides from 11 a.m. to 4 p.m.

Friday evening will see a band and talent show in the Kiosk starting at 7 p.m.

Participating merchants will have a "bargains galore" sidewalk sale on both Friday and Saturday.

Freeway edge for emergency parking only

"The shoulder of a freeway is for emergency parking only. It is not intended for use as an acceleration lane," Captain Vernon Nicholson of the California Highway Patrol reminds drivers.

"Shoulders are not travel lanes. On modern freeways, with acceleration lanes up to a quarter mile long, drivers entering freeways should accelerate until they've matched their speed to that of the through lane closest to them, then select an opening into which they will move, signal their intention and merge," Captain Nicholson said.

"On older freeways, on which on-ramps may lead directly into the moving traffic and where traffic densities are heavy, the problem is more difficult. However, on those freeways, the shoulder should not be used as a traffic lane," the CHP commander stated.

International Week

International Week will open at Chaffey College with an international flag ceremony, April 20, and end with an international banquet, April 25.

International highlights between the two events will be a handicraft and art exposition, April 20 through April 25, and a soccer game at 1:30 p.m., April 22. The soccer game in the stadium will pit Chaffey's foreign colony against Cambria Language School.

The week will start at noon in the free speech area with the presentation of 21 flags from as many countries to the music of the Chaffey College Band.

The ceremony will be in honor of the president of the college, Dr. Harry D. Wiser, with visa students in native apparel bearing the flags of their respective countries.

Guests at the 7 p.m. banquet in the cafeteria on the final day of International Week will have an international menu to select from. Visa students will prepare dishes typical of the countries of their origin such as chilaquiles from Mexico and tempura from Japan.

The dinner will be followed by an address by Carol Sayles, speech teacher here, and an international talent show. Many of Chaffey's 38 visa students plan

to appear at the banquet in their native attire.

Counselor for visa students here is Libby Nakagawa. IRC advisor is Homer Davis.

Tickets to the dinner program may be obtained from the college bookstore. Admission is \$2. The other events are free.

Foreign countries represented in the flag ceremony and visa student color guards will be:

Argentina - Rosa Maria Ceruti
Bolivia - Juan Tondelli and Eliana Villarroel
Chili - Enzo Baldi
Costa Rica - Gerardo Mendez
Cuba - Grey Fernandez
Ethiopia - Mesfin Ayenew
Greece - Anastasios Papaconstantinou

FIRE RING -- Upland Kiwanians Bob Sorrells, Karl Leach, and Tom Maxfield, show new member (standing) Chris Christensen, the refurbished fire ring in Upland Memorial Park. Many of the club members under the direction of Maxfield and Leach devoted their Saturdays and 358 man hours in re-vitalizing the fire ring, seating and stage area in the skating arena of the park. Some 527 miles were driven by the men hauling materials to the site. Cost of the project was \$300.

Year around schools

With the school-finance crises facing school districts throughout the state, one answer to the situation might be for schools to operate year-around.

This proposal doesn't eliminate the possibility of family vacations, though. All students would have one month off, but different classes would be off at different times. So a "staggered" vacation schedule would result.

An experiment of this type has been tried in Hayward, and according to reports, the district, parents, children and teachers are quite happy with the results.

The school district says it is able to make better use of its money by utilizing the buildings. Maintenance is no problem since some classrooms are empty at one period or another.

The teachers like the idea of having the children gone only one month instead of three. They say a child does not forget as much of what he learns as he does when he is gone three months.

The vacation period is set up for only one month, with both teachers and their pupils going on vacation at that time. Business and industry cooperate with the plan so that families still can vacation together.

Parents like the plan because the children don't get bored with such a short vacation, and many families can enjoy a vacation spot without the large crowds that abound during the peak summer months. Some families prefer the idea of a winter vacation or a spring vacation over the traditional summer vacation.

The school dollar goes farther because the buildings are used more, the supplies are bought on a sustaining basis, and teachers don't have to supplement their incomes.

Representatives of business and industry like the plan because they don't have to schedule all of their employees' vacations in the summer months. The vacation places aren't so crowded during the summer, and most of the places find that they can operate year-around, thus attracting more people with less crowding. People like it because they can see their favorite places in various seasons without the long lines generally facing them during the peak summer months.

One bonus also might be that a child can finish his education at least two years sooner, saving his family money and getting into the work world sooner.

It would be well for school districts to at least explore the possibility of schools' staying in operation 12 months a year. This could be one answer to the lack of the school dollar. Jenny Kirkpatrick

A Little Bit

OF THIS AND THAT

By Bob Evans

What is it about elections that brings out the worst in some people?

It is understandable that feelings run high before the voting process. But where no sharp issues exist in a particular city, the electioneering often sinks to the level of a war of personalities.

To help minimize this approach, our papers at Bonita Publishing Co. sent out questionnaires to all the candidates to help you, the voter, make a choice at the polls this week.

And many civic groups, such as League of Women Voters or the Jaycees, sponsored forums at which candidates appeared to give the public an in-person look at who was running for office.

And news stories of many of these forums also appeared in our papers.

Unfortunately, some individuals weren't content to "let it go at that". Seeing our endorsements in last week's papers, some persons have telephoned to complain that we have endorsed "a socialist" or a "crook" or an advocate of "free love". These expressions of criticism of some of our endorsements often have been coupled with indignant complaints that we have slurred the good name of the caller's candidate.

And what was referred to a few lines back as "expressions of criticism" more properly should be termed harangues, insults and overt threats.

One caller, who wasn't abusive, did question, however, our right to endorse a candidate.

This is, however, a right that we will continue to guard. And we look on it not only as a right guaranteed by the Constitution, but as an obligation of a responsible press. And we also are convinced that our right to an editorial opinion of who should be elected to serve is a valuable complement to your right to make the choice.

Unlike many of those who have made threats or hurled abuse during the campaigns, we insist that each of you - as a member of the public - is a rational being and capable of making a choice on the basis of facts and on the basis of what you think your needs for city officials are.

If our social situation ever comes down to the point where threats or temper tantrums determine how we endorse, and - more importantly - how you vote, then we all are in a heap of trouble.

HAPPY BIRTHDAY

It is Happy Birthday time for all who have April Birthdays. April does not have any spectacular holidays but Public Schools Week, sometimes Easter and Library Week does lend it some significance. We would also like to salute our Jewish friends in their celebration of the Passover. Somewhere along the line we will have the ancient ritual of clock changing and a precious hour will be lost until the fall.

Current Comments

A publication of the Oregon Railroad Association noted that as vehicular traffic continues to multiply, public responsibility increases for sharing the expense of safety warning signals at railroad crossings on state and county roads, as well as on city streets. Funds appropriated from highway funds, motor fuel taxes and traffic fines in 11 states are being used to help defray the motoring public's share of protective devices, just as they are used for traffic control and safety signals on streets and highways.

Mr. W. Donham Crawford, vice president and managing director of the Edison Electric Institute, spoke recently on the topic "Environment for Electric Growth." In the talk, Mr. Crawford made two rather startling statements concerning nuclear power plants: 1. "A person getting all his drinking water for an indefinite period from the discharge canal of a nuclear power plant would be getting less than 1/1000th of the natural radiation present everywhere, whether there are nuclear plants around or not. 2. An individual would be exposed to more radiation by moving to Denver, or any other mile-high city, than by moving next door to a nuclear power plant." Looks like we have much more important things to worry about, doesn't it?

'Books' speaker's topic at library week dinner

In cooperation with other Inland Library System members, San Bernardino Public Library, and San Bernardino County Library will sponsor a special National Library Week dinner and speaker on Friday night, April 24. Richard H. Dillon, director of Sutro Library in San Francisco and author of more than 10 books on California lore, will speak on "Books, the Library's Time Capsule."

All those interested in books and libraries are invited to attend the dinner, to be held at Griswold's Indian Hill Restaurant, 555 W. Foothill Ave., Claremont. A social hour will begin at 6 p.m., with dinner at 7. For reservations, please send \$3.60 each, to Dorothy Traver, San Bernardino County Library, 104 W. 4th St., San Bernardino, 92401 by April 17.

National Library Week, Apr. 12-18, is being stretched to include the dinner date when Dillon can be available to speak. He received AB, AM and BLS

degrees from the University of California at Berkeley, served as assistant librarian at Sutro from 1950-53, and has been librarian there since.

Inland System member libraries also include Riverside County Free Library, Riverside, Colton, Corona, Ontario and Upland Public Libraries. Members of the Inland Empire Library Association are also sharing in the NLW observance.

Dillon is listed in "Who's Who in the West," and is recipient of a gold medal from the Commonwealth Club of California for his "Meriwether Lewis; a Biography," (1965); also of awards of merit from California Historical Society and the American Association for State and Local History. His latest books are "Fool's Gold," a biography of John Sutter (1967); "Wells Fargo Detective," (1969); and "Humbugs and Heroes," (1970). Dillon and his wife are parents of three sons, and reside in Mill Valley.

Lutheran convention planned for Saturday

The American Lutheran Church Women are being invited to attend the Tenth Annual Foothill Conference Convention on Saturday, April 18, at Highland Avenue Lutheran Church in San Bernardino, located at 1820 Highland Ave. The convention theme is "Be Ye Doers of the Word."

At 9 a.m., following registration, the meeting will be opened by Foothill Conference President, Mrs. Conway Gragg of First Lutheran Church of Ontario.

Pastor Veum of Highland Avenue Lutheran Church will lead the devotions, after which the business meeting will be conducted.

Mrs. A. E. Syverud, Second Vice President of the South Pa-

cific District, and a pastor's wife from Orinda, will conduct the bible study. Her subject, "Stretching Out".

A ladies quartet from First Lutheran Church have selected songs to sing during the memorial commemoration honoring American Lutheran Church Women members, friends or relatives who have passed away.

A noon luncheon will be served. Dr. Alvin Rogness will be the main speaker in the afternoon when the meeting convenes at 1:00 p.m. Dr. Rogness is President of Lutheran Seminary in St. Paul, Minnesota, and a well-known writer.

COOKIES GALORE -- Discussing the Girl Scout cookie sale are Debbie Smith, Cadette Troop 1123; Linda Hughes, Senior Girl Scout Troop 1078 and Linda Hohnberg, Junior Girl Scout Troop 1000.

Girl Scout cookie sale off to a good start

The annual Spanish Trails Girl Scout Council cookie sale, which began last weekend, promises to be another huge success again this year, according to Neighborhood chairman in Chaffey District.

Mrs. Gayle McLeod, cookie chairman for Hilland Neighborhood, reports the campaign in the Upland area is giving every indication of being a record breaker. More than 1,000 cases were originally ordered for Hilland Neighborhood, yet by Saturday many of the Upland troops were sold out. Mrs.

McLeod assures each troop and their prospective customers that more cookies are available to her, and will soon be distributed.

The sale will last until April 20th. The goal this year is for each participating girl to sell 36 boxes. Last year over 30,000 boxes of cookies were sold within the Council.

Proceeds from the sale supplement funds from the Council's funding agencies, in meeting operational expenses. Each year the Council strives to use more cookie profit money toward camping and camp needs.

DRUG PANEL -- Cliff Morrison, director of Teen Challenge, Capt. Pete Smith, Upland Police Department, and Judge William Walk, are shown with Mrs. Jack Pierce, program chairman of the Ontario-Upland Republican Women's Club. The men served as panelists on a drug abuse program sponsored by the club.

Today's WOMEN

'Spring Fling' slated by St. Mark's women

It's the annual Women of St. Mark's Spring Fling! It's a luncheon, a fashion show, and an afternoon of cards and games, Saturday, April 18 in the church parish hall, 330 E. 16th St., Upland. Mrs. Patton Lewis, general chairman, invites the women of the community to attend this major fund-raising event.

Luncheon will be served at 12:30 p.m., followed by a fashion show arranged by Stretch and Sew of Claremont. The remainder of the afternoon is planned for bridge, canasta, and scrabble.

Proceeds from the annual Spring Fling will be used by the Women of St. Mark's for diocese parish and community projects. Among these are membership in the Bishop's Guild to assist seminarians, scholarships to the St.

Mark's Nursery School, funds to send student workers to the Indian mission at Bluff, Utah; dinners for Teen Challenge, parish library books, nursery attendants and equipment for community headstart programs.

Donations for reservations, \$2.50 each, may be mailed to Mrs. John Jones, 1728 Albright Way, Upland. For information, call Mrs. Jones, 985-8326; or Mrs. Lewis, 982-5295.

Also assisting are the following committee chairmen: Food, Mrs. J. H. Glasson; Tables and post-party, Mrs. Burdell Wulf; Decorations, Mrs. Alan Bond; Table prizes, Mrs. Robert Fowlkes; and Serving, the Junior Hi-Markers with Mrs. Jack Napier. Guests may reserve single seats or tables.

Bridging generation gap discussed by student

(Editor's Note: This is the second in a series of speeches given by students of Upland High School who participated in the Upland Host Lion's Club speech contest. Theme of the contest was "Generation Gap: Fact Or Fantasy?")

This speech was given by Stephen Hinman, UHS Junior.

Today in our fastmoving jet set society there is a problem, a problem that faces you and I and is growing larger all the time. This problem as we shall call it is something that has been haunting parents since the beginning of time and is with us strong today.

Gentlemen this problem I am speaking of is called the Generation Gap. A gap not only between the generations but a gap in every aspect of the word in this delicate stage of life. A gap in understanding a gap in ideals and perhaps even a gap in love.

But is this gap inevitable, can it be solved, - of course there will always be a difference between the old and the young, but how can we avoid the great differences there are today? How can we get to know each other better and bridge this gap between the older and younger generations?

Let us look deeper into this problem. As we look at society today we are presented with a very violent and uneasy melting pot of problems. Not all of these problems are a result of the generation gap - but many are a result of it stemming from the basic ideals set forth in the home - where the generation gap is felt

the strongest.

If in the home parents could slow down a bit and listen to what his child had to say and try to understand his ideas and thoughts this so-called generation gap would cease to exist. Today young people are growing up faster than any other generation before them.

More pressure is upon them for better education for more sophisticated occupations. The competitive race in this world is harder and faster than ever before and is not getting any slower. The older generations have been brought up through wars and depressions which the demonstrating, pot smoking youth of today know nothing about and have no sympathies for.

But times have changed - our lives are now inhibited by a new and different era - an era of automation, of space age and technology, our progress in the last 25 years has surpassed all other nations combined.

But with all our success and progress we still have hunger and poverty in this country. We still have campus disorders and riots in this highly automated land of the free and home of the brave.

But can we put our progress to work in these areas? I don't know - but still there remains the generation gap and age old problem which makes parents feel like they are losing purpose, but what can we do? We can not sweep our problems under the rug and walk away. We must face our problems and help each other to bridge this Generation Gap and live together.

Tom Boswell G.E. retiree

After 27 years and four months, Tom Boswell retired from G.E. Tom, who works as a Production Control Specialist, lives in Upland with his wife Ruth and two of his children, said he planned to just take it easy and relax for a while, and later if anything interesting came up, he might take a crack at it.

When he first came to work at G.E., he worked in Transfer Material at a wage of \$46 an hour. He later went into products service and finally into Products Control, where he has been for the last 12 years.

Tom was born in Oklahoma Territory in 1905 and later went to Oklahoma School of Law for three years, before coming to California. He has had four more boys and two girls in addition to those now living at home . . . and a grand total of 9 grandchildren, so far . . . that's enough to keep him busy in retirement.

Annual meeting set by church

The Annual Charge Conference of the United Methodist Church, 7690 Archibald Ave., Cucamonga is scheduled for Thursday, April 23 at 7:30 P.M. Riverside District Superintendent the Reverend Dr. Frank Matthews will preside.

Discussions of the area Community Survey supervised by Dr. John Mixon, School of Theology, Claremont and the annual election of Church Officers will highlight the work of the evening.

Progress reports of work area committees will be presented. Rev. John E. L. Swineford, Pastor; William Bryan, Lay Leader; Charles West, Chairman of Administrative Board.

Rudy Rodriguez attends confab

Rudy Rodriguez, Executive Director of the Upland Boys' Club, has just returned from a three day "Executive Workshop" in North Hollywood, conducted by the Boys' Clubs of America.

Dozens of Boys' Club executives from West Coast states attended the course, designed to provide practical training in modern administration and management techniques.

"Problem Solving and Decision Making", "Effective Communication", "The Executive Role", "Staff Relationship and Leadership" and other related subjects were covered.

Edward W. Pastore, director of National Personnel and Training Services of the Boys' Clubs of America, assisted by Raymond E. Bogden, Frank W. Wilson, and Arthur M. Dunning, Pacific, Central Pacific and Northwest Regional Boys' Club directors, conducted the sessions.

Scholarships for participants, to assist with their living expenses, were provided by the Boys' Clubs of America, through a special grant. Similar workshops are scheduled in other key cities during the coming year.

Upland Kiwanis Club commemorates week

The Kiwanis Club of Upland will commemorate Canada and USA Goodwill Week when the club meets on Tuesday, April 28 at 12:10 p.m., at the Upland Inn, 123 E. Ninth St.

Featured speaker of the day will be V. Brian Chew, Consul and Trade Commissioner from the Canadian Consulate and General's Office, Los Angeles. Chew is a native of British Columbia, he graduated from the University of British Columbia with a Bachelor of Commerce

Young 'jet set' tells impressions of flying

BY DANA DOWNIE

"It made my tummy tickle!" This and similar reactions were voiced by first graders from Upland Elementary School as they joined the "jet set" and hopped a jet from Ontario to Los Angeles International Airport.

At the L.A. Airport, they were met by a bus and taken to the beach for sun and lunch.

This unique experience was provided by the Upland-Foothill Kiwanis club, which paid for the tickets.

Approximately 80 percent of

Chino Rancho Ride set for April 26

Judge Ben Burrell of Chino has been named Grand Marshall for the 34th annual Chino Rancho Ride scheduled for Sunday, April 26, 9 a.m.

comment. Before he went to Russia he had received from Mrs. Dunning, a native of that country, a thorough briefing on the historical and architectural subjects to be photographed.

In addition to Dunning's pictures, there will be a one-day exhibit of Mrs. Dunning's own possessions which she will lend for the occasion.

This program is open to members of the Chaffey Community Cultural Association and their friends. The third Sunday of each month is program day at the Museum.

the 45 youngsters had never been in a plane, and only 60 percent had seen the ocean.

According to Mrs. Don Mailhot and Mrs. Gene Bryant originators of the idea, it was difficult for the children to relate to something they had never seen or done before.

Results from the excursion have been rewarding.

Children who were hesitant to write are now "highly motivated," according to Mrs. Mailhot. "They weren't content to write just a few lines; they wanted to write more."

All the persons and passengers with the airline were especially helpful, according to Mrs. Bryant. At the L.A. airport, one of the men who unload and load the planes, let each child try on his ear muffs which deaden sound.

Mrs. Mailhot said, "Most of the children were impressed with the size and magnitude of everything."

Some of their reactions on the lighter side include the boys who had their tennis shoes shined as they investigated the workings of the shoe shine machine.

Just at lift off, all the children let out an "ahhhhhhhhh" as their stomachs reacted to the feeling of the plane as it left the ground.

Since it was a clear, windy day, the ride was a bit bumpy. Most of the passengers could have done without the bumps, but for the children, it "tickled their tummy".

One of the children asked if they were above the mountains. To the affirmative reply, he then asked if they were higher than Heaven.

For 56¢ a week more you can live flamelessly.

(Like in heaven)

You deserve the comfort of an all-electric Medallion Home. And for an average of only 56¢ a week more in utility bills you can have it.

The cost of electricity for the average all-electric Medallion Home is only 56¢ a week more than the cost of both gas and electricity for the typical home using gas. (Established in a survey of more than 8,000 homes. Bills were typical of a family of four living in a 3-bedroom home.)

Half the homes surveyed were all-electric Medallion Homes, where everything was run by electricity—no gas. Electric cooking. Electric heating. Electric water heaters.

The other half of the homes surveyed used gas.

Here are the findings:

	ALL-ELECTRIC HOMES	GAS HOMES
Average Weekly Cost of Electricity	\$5.44	\$2.61
Average Weekly Cost of Gas	—0—	2.27
Total Weekly Cost — Gas and Electricity	\$5.44	\$4.88
Extra Weekly Cost of All-Electric Homes	56	

Wouldn't you prefer a clean, cool, flameless electric kitchen? A quiet, clean, space-saving electric water heater? Flameless electric heating with room-by-room temperature controls? An all-electric Medallion Home has them — plus built-in provisions for the all-electric future. For the good clean life — live electrically. It's more than worth the 56¢ a week.

'Treasures of Russia' program presentation

"Treasures of Russia" is the subject of a program of color slides and music and sound to be presented by George A.V. Dunning of San Dimas at the Museum of Chaffey Community Cultural Center, 325 West 18th St., on Sunday, April 19, 3 p.m.

The U.S.S.R. inherited from Pre-Revolutionary Russia a great wealth of art and architecture which now stands as a monument to the culture of the past.

Dunning has accompanied slides which he took in Russia with appropriate music and

UHS graduation speakers top scholars and students

By Barbara Popadak

In the ranks of every graduating class there are those students who surpass all others in academic achievements. This year Randy Kleinman has been singled out as valedictorian, the highest ranking member of the Class of 1970, with Jan Alair and Sid Simpson as salutatorians. Randy, who has attained a 4.0 grade point average throughout high school, is a National Merit finalist and the Bank of America semi-finalist in the math and science division. He has also been awarded life membership in the California Scholarship Federation as Gold Sealbearer. President of A.F.S. and member of the Scots and Inter-Club

Council, Jan Alair is also a 4.0 student and Gold Sealbearer. She is the recipient of the Bank of America award in liberal arts and a scholarship to the University of Redlands where she plans to attend next year. Representing Southern California, she is a finalist for the Seymour Memorial Award.

A future psychology/anthropology major at Pomona College, Sid Simpson has attained a 4.0 grade point average and life membership in the California Scholarship Federation. He is also a National Merit finalist. A member of the Backstage club, he hopes to enter the fields of writing and music in the future.

These three young adults agree with the many politicians and educators who have stated that the quality of high school education is very poor. The reason, according to Jan, is "too much busy work and too few teachers seem to enjoy their classes and area of study."

Their opinion on the value of high school education by no means reflects their attitude toward institutions of higher learning.

"I feel that a college is, above all, a place of learning. Going to college should be a commitment to work, to learn. You should not go unless you are willing to commit yourself. I fail to see the need for riots,

or what can be accomplished by these means," stated Sid.

Randy added, "It's unfortunate but people never seem to pay attention to a minority unless the minority faces forces them."

Outlooks on life vary from one person to another. Jan comments, "A positive but realistic attitude is necessary in the determination and carrying out of meaningful goals."

If these three young adults continue in their present paths of achievement, undoubtedly their goals will be reached and their utmost dreams fulfilled. These are the representatives of "today's generation," the leaders of tomorrow.

Plans made for meeting

United Community Services has scheduled its annual meeting for Thursday, April 23, at 7:30 p.m., in Town Hall, Inland Center, according to B. W. DeClark, 1969 President.

Purpose of the meeting will be election of officers and Board of Directors of UCS, and allocation of funds for the 43 member agencies.

This year's meeting will not be a lengthy one, and the traditional social hour and dinner will not be held. However, refreshments will be served and the public is invited, DeClark said.

SA hospital workshop

There will be an all-day coronary care workshop presented by San Antonio Community Hospital, Wednesday, May 20.

All CCU R.N.'s are invited, as well as any other interested R.N. or L.V.N. The fee for the workshop is \$10 which includes lunch. One of the speakers will be Dr. Willard Zinn of Los Angeles, who is well versed on all aspects of coronary care.

More details will be available later or more information can be obtained by contacting the In-service education office at San Antonio Community Hospital.

OUR SERVICEMEN

John Vanden Heuvel

Airman John W. Vanden Heuvel, son of Mrs. Lois E. Garrison, 641 Van Ness Court, Upland, has received his first U.S. Air Force duty assignment after completing basic training at Lackland AFB, Tex.

The airman has been assigned to a unit of the Strategic Air Command at Minot AFB, N.D., for training and duty in the administrative field.

Airman Vanden Heuvel is a 1969 graduate of Upland High School.

Richard Martz

Pep Squad Elections

With hopes of a spirit-packed 1970-71 school year, the student body at Upland High elected the new song, varsity, and "B" yell leaders last week.

Representing UHS next year, both on campus and at rallies, games, and meets, will be: Varsity yell leaders--Teresa Pursell, Laurie Casey, Simone As-tre, Barb Wilcox, Beth Pollack, Karyn Malsburger, Diane Bert-notti.

"B" yell leaders--Lois Kul-chesky, Katina Vlastos, Holly Wake, Cathy Callaway.

Song leaders--Debbie Vander-wilt, Ann Callaway, Sandy Lu-barsky, Patty Dawson, Cindy Ro-leder, Sue Jarulis.

Under The Sakura Tree

Spring Sports Week will draw to a close Saturday night with its annual dance, "Under the Sa-kura Tree," according to Cathy Hastings, Homecoming Chair-man.

This dance, one of the high-lights of the school year, will be held in the cafeteria at 8:00 P.M. Tickets, which may be purchased at the door, are \$1.25 per person and the dance is stag this year.

During the dance, which will feature two top bands, the Spring Sports queen will be crowned by last year's queen, Terrie Benja-min. The queen, who will be either Diane Burns, Joyce Dyb-sand, Laurie Casey, Gail Genung, Sheryl Kawasaki, or Beth Pol-lack, will reign over the sports of baseball, track, golf, and swimming.

Convention Bound

This Saturday, April 18th, thir-teen members of Upland High's famed Plaid Press staff will tra-vel to the National Scholas-tic Press Association Convention being held April 17th through April 19th at the Anaheim Con-vention Center. This convention, which is being held for the first time in the West, will be attended by high school newspaper staff members and their advisors from the entire nation.

While the delegates will be at-tending many of the one hundred seminars relating to newspapers, magazines, yearbooks, and films, two of our students, Debbie Stokes and Paul Wukas, will be compet-ing in the State Write-Off Tour-nament sponsored by the Jour-nalism Education Association and the Scholastic Press Association.

If all goes well, Debbie and Paul will be returning from a day of writing, seminars, and Disneyland not only with a bet-ter journalistic knowledge, but also with two big, beautiful tro-phies.

It's Up To You

The leadership of the school rests in the hands of Upland High's 2700 students today and

tomorrow. But what many peo-ple do not realize is it will be a mere 500 concerned students who will elect next year's stu-dent government members.

Elections for the ASB offices of president, vice-president, corresponding secretary, adver-tising manager, and pep com-missioner are being held with the high hopes that if the stu-dents are made aware that a candidate usually wins an office by a slim margin of 5 to 20 votes, more will be concerned about the necessity of electing competent student leaders.

Then, after the elections are over, it is usually the student who didn't bother to vote that yells the loudest about the poor job that is being done by the elected representatives.

Remember, it's your school and your student leaders. You're the one who elects your leaders. So get out and vote!

Will Guerin Guarantee It?

Or

Will Miller Mill Around?

Upland High's two major pub-lications, the Plaid Press news-paper and the Highland yearbook, have announced the selection of editors for the 1970-71 school year.

Photographer and editorial writer Mike Guerin was chosen as editor-in-chief of the Plaid Press. He was selected on the basis of leadership, initiative, dependability, responsibility, com-patibility, and experience in the field.

Pat Miller, club editor of this year's Hielan, was chosen as next year's editor of the yearbook by Mr. Alan Rhodes, advisor, and Mike Leboffe, editor. Miss Mil-ler, who is Girls' League Friend-ship Chairman, is pre-sently a junior.

Congratulations, Pat and Mike!

Briefs

Becky Roseberry, Inter-Club Council, is in the midst of plan-ning the guaranteed fun-filled ICC carnival slated for May 9.

The physical education depart-ment is presently testing the students by order of the state for physical fitness. Because it was not required to take these tests last year for the junior and senior girls, the seniors are really struggling through them now.

Congratulations are in order for Nancy Bolduan who was cho-sen flag twirler after Sandy Lu-barsky, flaggle, was selected song leader in the recent elec-tions.

Seniors, there are only 39 school days or 936 hours or 56,160 minutes or 3,369,600 seconds till graduation day! (Aren't you glad you didn't have to figure that out with your own lit' nog-gin.)

UP, UP AND AWAY -- Richard and Pat Sheridan, Rivas Franc, Don Bartlett and Tony Wood, are shown launching camper balloons at the Y.M.C.A. The launcher of the retrieved card mailed from the furthest point will win two weeks of free camping.

Summer camp program launched by YMCA

The Ontario-Upland YMCA started its summer program with a balloon fly sponsored by On-tario Y's Meris Club. Each prospective camper put his name on a card which was attached to a helium-filled balloon. The person with the card returning to the "Y" from the farthest point will receive two free weeks of camping. This was also the first day of registration for the 1970 summer programs.

The 1970 Summer Season will have as highlights: fun clubs (revised day camps) for youth 6-12 years old, from June 22 to July 31; day long trips to Universal Studios, Sea World, L A Dodgers, Disneyland, and

Marineland. In keeping with "Y's" ideals of camping, there will be three separate weeks of resident camping.

This year for the first time the "Y" will take a coed trip down the Colorado River for per-sons 18 and over. It will be a 10-day trip with 8 days ac-tually on the river.

There will also be a surfing caravan trip for Junior high age boys to Mexico during August. The family is not to be for-gotten, though; a family camp will be held at Camp Mozumdar near Crestline September 5-10.

So things are starting to hap-pen at the "Y"--call or drop in for further information.

Upland man named to bank position

W. T. Kegley, President of First National Bank and Trust Co., recently announced that Jim Davis has been named as As-sistant Manager of the Bank's Foot-hill Office.

Davis resides in Upland with his wife Cheri and their 11-month old son. Davis is a 1959 grad-uate of Upland High School. While attending Upland High, he lettered in all four major sports and was active in the School's Legisla-tive Council.

In 1962 he graduated from Chaffey College in Alta Loma.

At Chaffey he was a two-year letterman in baseball, and was named Most Valuable Player in the Citrus Jr. College Baseball Tournament in 1961, and also was named All-League Eastern

Conference in 1961.

Following college, Davis played three years of profes-sional baseball with both the Los Angeles Dodgers and the Minnesota Twins.

Davis was employed by the Bank of America for about 2 1/2 years after his baseball career. He worked at Bank of America's Upland Branch, and at both of its Ontario offices.

In October of 1967, he joined the First National Bank and Trust Company, where he was appointed Loan Officer at the Bank's Head office in Ontario. He was trans-ferred to the Chino office in 1968 and, in February 1969, was promoted to Assistant Manager of the Bank's Corona office.

Bank branch assignment

William W. Moir of 1215 Lo-ma Sola, Upland, has joined Uni-ated States National Bank as as-sistant vice president and mana-ger.

Moir, 37, will be assigned to a local branch of the bank after a two-week orientation program at the bank's head office in San Diego.

Moir, 37, has been assistant manager of the First National Bank and Trust Co's Up-land office. He previously worked for Security-Pacific National Bank in Riverside.

A 14-year veteran of the Royal Canadian Air Force, Moir received the Canadian Forces Decoration from Queen Elizabeth in 1962.

Moir and his wife, Lee, have one child, Marilyn, 6-years-old.

Assistant seeks job of auditor

John H. (Jack) Bulmer, assistant county auditor, will be a candidate for the office of San Bernardino county auditor in the coming election.

Jocelyn M. Cox, now serving her third term as auditor, has announced that she won't seek re-election.

Bulmer has been employed in the auditor's office for the past 20 years and has been the assistant for the last eleven. Prior to being employed by the County, he had experience in both public and commercial accounting.

Bulmer resides in San Bernardino with his wife, Martha, and youngest son, Dennis. There are two other sons; John who re-sides in Colton with his family.

Camera Club elects officers

Newly elected officers of Euclid Avenue Camera Club will be installed at the annual dinner meeting of the organization, to be held on Saturday, May 16, at 6:30 p.m. in the American Legion Hall here.

Dr. Paul Wise of 9021 East 19th St., Alta Loma, will take over as president, succeeding William H. Gaffney of 657 West I St., Ontario. Other officers for the 1970-71 year are Nelson McDonald of Ontario, vice president; Mrs. Dorothy Dean of Upland, secretary; Howard Cramer of Upland, corresponding secretary and Robert Reyburn of Ontario, treasurer. Directors are William T. Wright, Clarence Derr, and Mrs. Ruby Eckart, all of Ontario.

Dr. Wise has been a member of the club for five years and the favorite subjects of his 35mm color camera are landscapes and still-life. Mrs. Wise also is a member of the club but leaves the picture-taking to her husband, who is a retired dentist.

Other hobbies which help to make his life interesting are horseback riding and music. He is one of the founding members of the Ontario Mounted Police, and plays the electric guitar in the Ontario Lions Club Band. The officers were elected at the April meeting of the club.

'Senior citizens' misnomer

Fun-After-Fifty means just that

BY DANA DOWNIE

They are noisy and make a lot of racket. But they enjoy themselves and that's what keeps them young!"

Contrary to what it sounds like, the speaker, Bill Shourds, was referring to the members of the Fun After Fifty club as they were playing shuffleboard.

Originally started in 1963 with a handful of members, the club has grown to include some 270 members from Upland, Cucamonga, Alta Loma, and Ontario.

According to Bill Shourds, 73, club president, the club started at a time when, "an epidemic of senior citizen's clubs started, and Upland couldn't be left out. But they didn't like the name, 'senior citizens', so they changed it."

Shourds continued, "Senior citizen has a connotation that a lot of folks don't like. It sounds as though they are putting us on a shelf. This club isn't about to be put on a shelf. It isn't that type of club!"

"It is a F-U-N club. We try and keep people interested and keep them from getting old too fast. If folks sit around or in

rest homes or don't talk to anyone, the world passes them by. This club works to keep them active."

Keeping them active are a regular Wednesday potluck and business meetings held each month. They average 60-75 persons at their business meetings because, as Shourds related, "There is only one thing we do. Try and keep the people informed on everything, and entertained with music, groups and speakers."

Potlucks are held once a month and can boast of some 150 persons attending. They also hold Christmas - Thanksgiving parties, which allow the people, "to get to know each other."

However, this is not a matrimonial club.

Shourds commented that they have had an occasional marriage, but, "this is not a dating club. It is an entertainment club."

Other activities of the club include choir on Mondays, arts and crafts on the first and third Tuesdays, card club on the second and fourth Wednesday, shuffleboard on Monday's, Thursdays and Fridays, and tours.

Tours have included numerous highlights of California including Hearst's Castle, television studios, San Diego Balboa Park, Marineland, wax museums and the arboretum.

"Old folks love anything with flowers," chuckled Bill Shourds.

They try to schedule their trips so they return semi-early, for many members have pets which must be fed. Other problems include restricted diets and transportation.

Additional activities include some community service, as visiting veteran's hospitals and working with the Girl Scouts

as a "secret grandmother," but the club does not participate in these activities as a group. "We go to veteran's hospitals and do other charitable work, but it's on the QT, for we can't do it all. We try and do as much as we can."

Yearly dues for the club are two dollars and this includes membership plus a monthly bulletin and an annual membership. Additional costs also include a membership badge for twenty-five cents. The club is a non-profit organization, which was originally sponsored by the Kiwanis Club.

The club also serves its members in another way, for it urges them to keep going and be active. As Shourds smiled, "They don't give up. It is something for their minds which keeps them occupied and going. Some persons have had serious surgery, but the club serves as an incentive for a comeback. We keep in touch all the time with cards, letters and visits. If they have problems, we stay behind them."

When queried on what was old age, Shourds responded, "The word senior citizen is a stigma. We are just ordinary American citizens. We are used to the term middle age. Now they use old. If you are over 30, you're out, but I don't care if they use 'senior citizen'," he added.

In replying to the question, what is 'young,' Shourds replied, "If you'd ask everyone in the club, you'd get 270 different answers. My idea is anybody is young whose mental condition is healthy, regardless if they are 20 or 90. They enjoy life. When they quit enjoying life, they quit being young."

So the Fun After Fifty club will continue being noisy active, and having fun -- and being young.

A ROSE BY ANY OTHER NAME . . . Bill Shourds, president of the Fun After Fifty club, and his wife, "Bert" enjoy the flowers at Upland Memorial Park. Not afraid of being called a senior citizen, although disliking the connotation, Bill says "Old folks love flowers."

Savings insured to \$20,000.00 by an Act of Congress.

Upland Savings pays the maximum interest on insured savings. No other insured financial institution in America can offer you higher interest or more insurance, because all insured financial institutions' interest and insurance are regulated by governmental regulations.

Upland Savings is a part of America's insured savings system whose total assets exceed \$150,000,000,000.00 (150 billion dollars) and

where, throughout America, over 44,000,000 (44 million) savers save. As a savings counselor, we suggest you look at more than the stated rate of yield of investments. If you had needed to "cash-in" your investment before maturity this past year, you would sustain substantial losses. In 1969 only Upland Savings would have returned your investment plus high earnings.

You too, can benefit by saving with us.

Foothill LL slates meeting tonight

FUTURE MICKEY MANTLES — Will draw the attention and cheers of fans this season. This youngster is starting early in hopes of becoming the Upland Foothill League's top slugger. The boys will be attending the annual pre-season meeting tonight at 7:30 in the Upland High School auditorium.

UHS delivers 12 hits, but Vikings win, 7-5

Upland High's baseball coach, Herb Christian, must still be wondering what happened to his Highlander squad last Friday afternoon. They collected 12 hits, the pitching staff allowed only six and walked no one, but they lost to Garey, 7-5.

Actually, it was one man, Kevin Thomas, who destroyed the Highlanders. Thomas belted a grand slam homer in the first inning, singled and scored in the third, and climaxed the afternoon with another round tripper in the fifth.

Thomas contributed five RBI's for the Vikings, went three for three at the plate, and collected half of their hits.

Upland came right back to score a pair in the second inning, but Garey added one more in the third to advance their lead to 5-2. Both teams added one run in the third inning, and the Highlanders tried to catch up by adding single runs in the sixth and seventh.

Eric Frazier unleashed one ball over the fence in the second and the Highlanders scored another on consecutive singles by Glen Jackson, Doug Feaster, and Dan Swartzendruber.

Earlier in the week, Upland downed a surprising Ganesha squad, 4-3, collecting eight hits on route. Kendall Scott hurled a fine game for the Highlanders by fanning 11 Giants to up his total to 20 strikeouts in two appearances.

Ganesha started off the scoring in the second inning, but the Highlanders came right back for two in the third. A walk, a hit batsman, and a single by Steve Tarbell produced one run. The other came after Eric Frazier

Four homers aid Panthers' victory over Owls, 12-10

Chaffey College's baseball team slipped in the Mission Conference standings last week when they dropped a game to the Grossmont Griffins, 3-1, but bounced right back to the top by defeating Citrus, 12-10.

Both Grossmont and San Bernardino, who were tied with Chaffey, dropped decisions to their next MC opponents. The Griffins lost a pitching duel to Southwestern, 1-0, and the Indians were thrashed by Palomar, 11-5. Only one of the two will remain in contention after this week, as the two play today.

In the crucial game against the Owls, lefthander John Gaylord fanned 13, collected two hits, drove in one run and got his fourth win without defeat in MC play.

Since moving to the outfield, Jeff Wingert has been a terror at the plate. He is presently slugging .591, including two home runs and two triples; all with men on base. In the last five games, Wingert has gone 12 for 19 for a .632 average. In collecting their win over Citrus, the Panthers pounded out

Parents, families and friends of the players on the Upland Foothill Little League are invited to meet the players and the new officials tonight at 7:30 at Upland High School's auditorium.

All of the boys on the majors and minor teams will be in uniform and will be introduced by their respective managers.

Also to be introduced are the Board of Directors for the coming year. Among them are President, L. J. (Bud) Keeney; 1st vice president, Bill Fish; 2nd vice president, Frank Hoover and Umpire in Chief, Ken Weeks.

Player agent Rene Blane and Safety and Insurance representative Larry Waggoner will also serve on the Board, as will two major and minor league coaches to be announced at the meeting.

Senior, Gordon garner trophies

Mickey Senior, a Montclair student known for his running ability, was awarded the Shorty Smith Memorial trophy for the fastest time for an 880-yard run in the 41st Annual Chaffey Invitational Track Meet.

Senior, who has gone through the San Antonio League with an unblemished record, may find himself in the finals of CIF playoffs, barring injury. He ran in the third heat of the event and covered the distance in 1:56.4.

Another famed Southlander is actually a Highlander. Leather-lunged Angus Gordon put on a fine show for the large audience by running way with the Ernest Fisher Memorial trophy for the fastest mile of the day.

Gordon's time was not a meet record due to the wind, which stopped 11 records from being set, but was too fast for his competitors. He was clocked in 4:19.9 and the closest man to him sped to a 4:21.7 mile.

In the overall scoring, Upland finished highest of the Pomona Valley squads with 19 points. Ganesha followed with 15 points, as did Montclair and Pomona with 13 and 11 points respectively.

Mickey Senior won two sprinting events and anchored the winning mile relay team for Montclair to boost the Cavaliers to a 70 1/2-46 1/2 win over visiting Chino High last Thursday.

Senior edged out the Cowboy's Paul Roller, who had previously been unbeaten in the 440, to win in 49.8 seconds. Senior had already won the 220 with a fine time of 23 seconds flat.

Cavaliers Paul Plaster and Jim Youngren finished one-two in the 880-yard run, while Dan Jones won the pole vault (12-6) and the 120-yard high hurdles (15-8). Chris Constantino won the mile run, while Martin Gonzales fashioned a 21.3-second 180 low hurdles.

The Cavaliers also won the B Class by nipping the Cowboys 47-38. The Bees were sparked by Les Graham's wins in the 100 and the 220. The Cees were defeated by an unbeaten Cowboy Cee team, 66-20.

Sound portrait

Many things have been said about Ontario Motor Speedway, but little is known about the complex sound system it houses. Hannon Engineering, an authorized Altec Lansing sound contractor, has been designing the system since 1967, and it will feature a fail-safe design, with spare equipment for each major component, an emergency generator and electrically super-vised cables.

SAFE AT FIRST — Is Chaffey College's Jeff Wingert. Wingert is batting at a .632 clip since being moved to left field by head coach Howard Lowder. The Panthers won the slug fest, 12-10, to remain on top of the Mission Conference with a 5-1 record.

14 hits, including four home runs, two by Gary Roma. Roma led the pack of Panther hitters with three blasts in four trips to the plate.

The inning that clinched the win for Gaylord was the five-run eighth inning. Chaffey went through four Owl pitchers, powered by Greg Garver's two-run round tripper. The Panthers let loose with the bats after collecting only nine hits against Grossmont, and totaled

17 extra-base hits for the nine inning duration.

All Mission Conference selection Darrell Cederlind not only aided with his bat, but made several defensive gems as well. With his pitching staff at full strength again, Coach Howard Lowder's Panthers are going to be tough to stop.

Chaffey will host Southwestern today at 2:30 p.m. The Apaches are presently in a tie for fourth place in the Mission Conference.

ONE OF TWO — Alta Loma's Rick Mack takes off toward first after belting one of his two hits in game with Royal Oaks. The ALHS Braves won the game 10-8.

Mack leads Braves in 10-8 win

The Alta Loma Braves moved two games up on the leaders of the Hacienda League last week, but still remain a full two games behind Gladstone and Wilson. The Braves knocked off Royal Oak in a slugfest, 10-8, but had fallen to the powerful Ontario squad earlier in the week.

In the wild Royal Oak contest, the Braves banged out nine hits, but almost equaled that mark by committing eight errors. Royal Oak jumped out on top in the first inning, 1-0, but the Braves came back to tie the score on a triple by Rick Mack scoring Mike Gilliam, who had walked.

But the pitchers' duel lasted only one inning, as Royal Oak broke away for five runs on four hits in the top of the second.

However, the Braves were not to be outdone, as they contributed six of their own in the bottom half of the inning.

Five straight walks started the six-run inning, a bases-loaded double by Paul Perry scored two more, and Bill Larson followed with a two-run triple to cap the scoring.

The Braves then added one more in the third when Gilliam singled, stole second and scored on an error. Two more Braves crossed the plate in the fifth. Gilliam doubled and scored on Mack's second triple to deep center, who then scored when Perry smashed a line drive into left field.

Gilliam, Mack, Perry and Lar-

son all contributed a pair of hits, while Les Scott worked five tiring innings to collect his first league win.

Marc Perdew was on the mound for the Braves in the Jaguar contest, but found that Robert Young was waiting. Young ripped four hits off three Alta Loma pitchers, and scored twice to lead the Jags past Alta Loma, 7-4.

The Braves fell behind, 4-0, in the first inning when Ontario lashed out for five hits and took advantage of an AL miscue to produce their lead.

Alta Loma has committed 13 errors in the last two games and will have to halt if title hopes are in the future.

Geologist to study

ALTA LOMA - A Chaffey College professor has been notified of his selection as a participant in a National Science Foundation course in carbonate formations in Florida, June 7-18.

He is Marlin L. Dickey, associate professor of geology here.

Vinnedge files for municipal ct. post

George W. Vinnedge, prominent Ontario attorney and civic leader, has filed his candidacy for judge of the West Valley Division of the San Bernardino County Municipal Court. The vacancy, which will be filled in the primary election, June 2, results from the recent resignation of Judge William E. Walk Jr.

Vinnedge, a life-long resident of Ontario, is the senior partner in the law firm of Vinnedge, Lance & Glenn and has practiced in the West End for 19 years. He is the present vice-president of the San Bernardino County Bar Association and is a past president of the Western San Bernardino County Bar Association.

Vinnedge twice has been elected to Chaffey Junior College Board of Trustees where he has served since 1963. From 1965 to 1967 he was vice-president of the board. Currently the president of the West End United Fund, Vinnedge conducted the successful 1968 campaign of that organization which exceeded its goal.

Vinnedge is a past president of Ontario Kiwanis Club and the Ontario-Upland YMCA. He has served as president of the Board of Trustees of Westminster Presbyterian Church in Ontario.

District engineer

The San Bernardino office of the Division of Highways is to be headed by a new District Engineer, Richard E. Deffebach.

John A. Legarra, State Highway Engineer, announced that Deffebach, now in charge of District 6 (Fresno), will assume

the District 8 responsibilities April 1, replacing Clyde V. Kane who retired earlier this year.

Deffebach, now 58, has served as District Engineer in Fresno since 1966. He started with the Division of Highways in 1936

Colton treasurer seeks county post

Natalie Sue Burk, treasurer of the City of Colton, has filed her papers for the office of County Treasurer-Tax Collector.

Mrs. Burk has been treasurer for Colton since her election to that position in 1968.

Prior to her election to treasurer, she served in the Finance Department of the city.

Mrs. Burk graduated

from schools in Colton and attended San Bernardino Valley College and Arizona State University, majoring in pre-law. She also attended summer sessions at the University of Redlands, studying economics.

Mrs. Burk, 24, is one of the youngest treasurers in the state and will be the youngest county treasurer-tax collector in the state if elected.

Optometric unit auxiliary elects 1st list of officers

Mrs. Milton Penner and Mrs. Edward Goldstein of Pomona were elected recording and corresponding secretaries of the newly formed Woman's Auxiliary to the Orange Belt Optometric Society at the recent dinner meeting.

The organization functions as an educational institution and a medium to the public for education and information pertaining to vision.

Mrs. Renald J. Anelle of Colton will serve as president.

The membership of the Auxiliary is made of the wives of professional optometrists in San Bernardino, Riverside, and East Los Angeles Counties.

Films and literature on vision will be made available for interested parties. Vision screening will also be arranged.

Local police would patrol state college

SACRAMENTO — Assemblyman John V. Briggs (R-35th) has introduced legislation which would give the local police department of a city in which a state college is located complete police jurisdiction over that college.

Briggs said, "The present law allows the movement of police on the campus only at the time a disturbance or riot occurs. Their sudden appearance subjects them to vile name-calling and radical reaction. My bill would put them on the grounds in charge of campus security, so students and faculty would get to know the officers as regular members of the campus commons."

Briggs' bill transfers to the local police department state funds now allocated to state colleges for security officers. It also allows reimbursements for additional costs incurred during disturbances, to be paid to the local law enforcement agency.

Briggs said "The recent disturbances at California State Fullerton cost the taxpayers of that city in my district over \$4,000. I feel we should be reimbursed by the State of California for this outlay of money. While this \$4,000 doesn't appear to be recoverable, it seems to me any future extraordinary sums of money needed to protect the State's multi-million dollar investment in Fullerton should be repaid."

3rd try for jai alai bill in state

SACRAMENTO — Assemblyman John Quimby, D-Rialto, has re-introduced his jai alai bill which would provide millions of dollars in new revenue from pari-mutuel wagering.

The lawmaker is making a third attempt for approval of the measure after two previous efforts at earlier legislative sessions were halted by Quimby because other revenue measures were being considered.

"Previously I did not want my bill to conflict with other revenue producing bills," he said, "and there was also opposition from Governor Reagan on my bill."

Quimby said, however, since there was a need this year for additional revenue but with no other major proposals to acquire new funds, he feels "a better chance of success both with the Legislature and the Reagan Administration."

Governor Reagan has publicly proclaimed that the state has a fiscal problem, Quimby said. "I feel strongly that jai alai wagering can provide the needed funds to finance new and improved services to the people of California and also assist school districts which are experiencing strong opposition from voters on tax override proposals."

Quimby said that besides the entertainment features of the sport, California could realize a new source of tax dollars, noting that his studies showed that in the first year of operation the state could receive almost \$4 million in new revenue.

Care of records is vital

A veteran who organizes his documents and stores them where they can be readily found will be insuring that his dependents can receive proper consideration of their claims without the unnecessary hardship of a lengthy delay.

All Los Angeles County offices of the Department of Military and Veterans Affairs are prepared to assist Veterans' survivors in filing claims. Offices are located at Patriotic Hall in Los Angeles, Pasadena, Long Beach, Van Nuys, West Covina, Downey, and Lancaster.

5 Million Reasons For Reducing With Pat Walker

PAT WALKER HAS REDUCED OVER 5 MILLION WOMEN INTERNATIONALLY. READ HOW THESE WOMEN ARE ENJOYING THEIR NEW PAT WALKER FIGURES.

HONOLULU - LOST TWENTY POUNDS; STILL REDUCING

I was so frustrated with being overweight. I had tried every way I knew to lose weight, such as counting calories, exercising. Since I began my reducing program, I have lost twenty pounds and 2 1/2 inches overall. I am still going down. Not bad for a seventeen year old! I really enjoy the treatments — they are very stimulating. My clothes are all too big, but I'm waiting till I get down to my perfect figure before I buy new ones.

— Miss Barbara Miyamoto, Honolulu, Hawaii

ORANGE - 26 POUNDS AND 44 INCHES REASON ENOUGH

Until a few years ago, weight had never been a serious threat to me. Then suddenly, almost without warning, those insidious pounds began manifesting themselves. I tried one diet program after another only to give up in despair. A little over a year ago, my daughter, a stockbroker in Santa Ana, pleaded with me to try the Pat Walker program. I agreed to make an appointment for the courtesy visit. Can you imagine my delight to be a perfect size 12 again after wearing a size 18? And, I am still going down. I feel healthier and happier than I have in years. I have lost 26 1/2 pounds and have taken off 44 inches since beginning my program. I wish I knew how to tell other women who are as discouraged as I was that there is help. Try the Pat Walker program and you'll see for yourself.

—Mrs. Isabelle Olrich, Orange, California

PASADENA - THANKS FRIEND FOR REGAINED CONFIDENCE

For many years I had tried to lose weight, unsuccessfully. One day, in a Pat Walker advertisement, I noticed that the girl featured in the photo was a friend of mine, whom I knew had a long-standing weight problem. I went to see her and was amazed at how great she looked. I figured that if Pat Walker could help my friend Nadine, she could help me. Only someone who has been overweight can understand the feeling of walking into a room knowing you look heavy. Since I began my program, I feel young again and have so much confidence. And most important, I am much slimmer and am still going down.

—Mrs. Christine House, Pasadena, California

KOGARAH, N.S.W. - REDUCES FROM SIZE 18 TO SSW

My family had been telling me for some time that I was putting on weight. By buying a larger size in frocks I thought I could conceal my bulges. I finally realized how frumpy and heavy I had become. After a few weeks of regular treatments with Pat Walker the pounds started to melt away. It was so easy to lose, too — no dieting, no strenuous exercises. The treatments are so relaxing, it is a delightful, sure way to lose.

—Mrs. Gloria Nelson, Kogarah, N.S.W.

MONTCLAIR - FROM SIZE 52 TO A 14!

The most pleasant way to reduce which could be dreamed of... that's what I found at the Pat Walker Salon. I have gone from a size 52 to an unbelievable size 14! Although they kept accurate records, I really don't need to be shown the results. It's such fun to not be recognized by an old acquaintance and have to tell them who I am.

—Mrs. Rhodes, Montclair, California

KAILUA - HUSBAND SAYS MONEY WELL SPENT

When my weight reached 165 I was desperate. My husband always objected to my diet efforts because he felt they always made me look haggard and worn out. He tactfully showed me a Pat Walker ad and urged me to go down to the salon instead of undertaking a new diet. After my free demonstration, I was convinced. I have lost 35 pounds and what a difference it makes. From a sometimes too tight size 18 I have come to a size 10, and my husband declares that the money for treatments was well spent. The treatments seem to tone and firm the muscles of both the body and the face. My husband says I look younger!

—Mrs. Thelma E. Bolling, Kailua, Hawaii

GLENDAL - AN INVESTMENT IN BEAUTY

Recently I took a good look at myself and realized that the "few pounds" I had been putting on month after month had suddenly made me a very unattractive and bulging 176 pounds. I finally decided to go to Pat Walker's, because I felt that an investment in beauty is the most important and rewarding investment a woman can make. The luxury of passive exercise with its resultant healthful increased circulation and complete body firming helped me achieve what nothing else in my entire life was able to accomplish. For the first time, I am wearing a size 12 dress, having lost 41 pounds.

—Mrs. Joyce Hood, Glendale, California

NORTHRIDGE - PROBLEM AREAS REDUCED

Mrs. Froman said, "With the Pat Walker program pounds and inches have disappeared especially from areas where I had trouble reducing in the past." Mrs. Froman reduced 3 1/2 inches from her bust, 5 inches from her underbust, 6 1/2 inches from her waist, 8 1/2 inches from her abdomen, 7 1/2 inches from her hips, 5 inches from each thigh and 3 1/2 inches from each upper arm. Mrs. Froman reduced from a 15 1/4 pound size 15 to 11 1/2 pound size 7.

—Mrs. S. Froman, Northridge, California

HONOLULU - COED LEARNS HOW TO LOSE 37", 40 POUNDS

As a college coed majoring in nursing I became aware that I would have to pass a physical for nursing. My advisor told me that I would have to do something about my weight. I tried Pat Walker as a sort of last resort, thinking nothing really was going to work. I had lived in many different countries and developed a great appetite for gourmet foods. Cutting down was almost impossible and with Pat Walker treatments even this is not impossible! To my sheer delight, I am now able to wear a size 10 dress, with room to spare. I'm thrilled at the results and so thankful for the day I turned to Pat Walker for help.

—Miss Judy Dint, Honolulu, Hawaii

SANTA ANA - A TREAT, NOT A TREATMENT

It is important to my family and to me to keep up with today's fashion trends, but most of all, keeping in shape. Through the years I have tried reducing pills and gyms only to lose for a short time and return to my old weight. After reading Pat Walker advertisements, I was convinced this was the solution to my problem. I lost 36 inches and 23 pounds, along with the firming and toning. Not only do I look better, but I feel like a more vital person. To me it is a Treat, not a Treatment to go to a Pat Walker salon, where the atmosphere is elegant, cheerful and friendly. The results have been most satisfactory.

—Mrs. Evelyn Riggle, Santa Ana, California

BEVERLY HILLS - LOOKS GREAT IN A SIZE 10

Mrs. Shaver, with the Pat Walker Program, reduced from a size 16 to a perfect size 10. Mrs. Shaver found the treatments relaxing and her tissues are firmer. Her family is delighted with the results and her friends tell her she looks wonderful after reducing.

—Mrs. Mary Shaver, Beverly Hills, California

KAILUA - HUSBAND APPROVES SHAPLIER LOOK

I was horrified when I came home from a year in Europe with my husband to discover that all that lovely European food had caused me to weigh 154 pounds — and me with a 5'3" frame. For three months, I dieted desperately and lost only 5 pounds. Exercising was hopeless because I couldn't stick to it. I had seen the Pat Walker ads many times and knew that the treatments had helped others, so I talked my husband into letting me try it. At the end of only two weeks my husband and I were both impressed with what I had already lost. Since then, I have lost a total of 28 1/2 inches and am still going down. I am very grateful to Pat Walker for giving me back my energy, my figure, and a happier, more hopeful outlook.

—Mrs. Susan P. Solheim, Kailua, Hawaii

PASADENA - PROUD OF NEW LOOK

I had tried many ways to lose weight — I almost landed in the hospital. Being desperate, I figured I had nothing to lose but weight at Pat Walker's... and I did. It's so hard to express the feeling of despair, especially when you're young, with being overweight. Now that I am thin, I am so proud to go shopping and get into the petite sized dresses. It has changed the whole way I feel about myself — I'm really proud.

—Miss Marcia Ellsworth, Pasadena, California

LEISURE WORLD - FIGURE COMPARABLE TO 45 YEARS AGO

I read where "Pat Walker is out to reshape the world", so I decided to be included in her world. Some people seem to feel that at the retired age, it is too late to think of beauty or sometimes even health. I feel that since we must still hang around, why not look the best we can. I reduced from a size 18 to a size 12. If people would only realize that a little time and money and you can become a lovelier, livelier you and build health that gives you a sparkle and joy for living. It makes you stand a little taller with pride.

—Mrs. G. Reynolds, Rossmore Leisure World, Cal.

CREMORNE - TREATMENTS SO PRIVATE

The Pat Walker treatment is so private and pleasant. Everyone at the Salon is friendly and interested. I feel I cannot lose anything but more unwanted inches. I am so grateful to Pat Walker for bringing to Australia a reducing program that really works. I have already lost 11 pounds and 22 1/2 inches overall.

—Mrs. Dorothy Rooney, Cremorne, Australia

SYDNEY - DOWN FROM SIZE W TO SSW AND ONE STONE, 27 INCHES

Planning a cruise is always exciting, but I was despondent with my figure when I began planning mine. I felt I needed to come down about a stone and had only a few months to reduce. I started with Pat Walker and have so far come down from size W to SSW and lost a stone and 27 inches. The treatments are so relaxing and I feel so invigorated after each visit. I would like to thank the Pat Walker staff also for the wonderful care and attention they gave me on each visit. I can honestly recommend anybody with figure problems to place themselves in Pat Walker's hands.

—Mrs. Mavis Pounceby, Sydney, Australia

TORRANCE - FROM SIZE 14 TO PERFECT SIZE 8

Mrs. Roscoe, with Pat Walker program, reduced 2 inches from her bust, 3 inches from her waist, 2 1/2 inches from her abdomen, 3 inches from her hips and 3 inches from each thigh. Mrs. Roscoe reduced from a size 14 to a perfect size 8.

—Mrs. Elma Roscoe, Torrance, California

GLENDAL - NEW FIGURE FOR NEW FASHIONS

I have a genuine appreciation for Pat Walker's making it possible for me to change my size from 16 to 10. Several years ago I began making my own clothes, so I could wear a variety of styles in a 16. Now, using the size 10 patterns, I can sew and wear the latest "haute couture" fashions. I can truly say I feel like a new personality.

—Mrs. Martha Lamson, Glendale, California

HONOLULU - EFFORTLESS REDUCING

The Pat Walker system has taken off seventeen pounds and 26 1/2 inches to date. And in the right places. Additionally, after a busy day in the office, it provides effortless reducing and relaxes my tense muscles. All this and weight and inch loss too!

—Mrs. Marjorie Sterns, Honolulu, Hawaii

GLENDAL - COULDN'T DO IT ALONE

I kept telling myself I could reduce, but finally realized I couldn't — not alone. I was 141 pounds, wearing a size 14 dress. I decided to go to Pat Walker's and have been so pleased and satisfied with the results, as I am down to a size 9 and still going down. Thank you Pat Walker for your concern for the women like myself who have a weight and figure problem.

—Mrs. Luanne Hart, Glendale, California

ORANGE - IT WORKS - 43 1/2 INCHES AND 30 POUNDS WORTH!

After patiently tolerating my crash diets, calorie counting, exercise fads and excess weight for 23 years, my husband insisted I try a courtesy treatment from Pat Walker. After the first treatment my hopes were sky high. It works! And there are no strenuous diets and no tiring exercises. It is a very relaxing way of losing. I am now able to wear a size 14 (from a size 20). I still have a few inches and pounds to go and I'll be a size 12. I have a better figure at age 46 than I had at 16.

—Mrs. Doris J. Carpenter, Orange, California

LAKEWOOD - 44 1/2 INCHES OFF THE EASY WAY

I am delighted with the results of my reducing since I started at your Figure Perfection Salon. To just lay on the couch, relax and watch the pounds melt away and the inches disappear is sheer joy. I have reduced from a size 18 1/2 to a size 14 and am still going down. My weight has changed from 169 to 138 pounds and I have lost 44 1/2 inches overall so far. I highly recommend your program for anyone interested in a new and lovelier figure and am truly glad I had my figure analysis and treatments.

—Mrs. Mary Van Hooser, Lakewood, California

RESEDA - FROM A TIGHT SIZE 12 TO A SIZE 5

It's been just great! Your new computer program is marvelous because you take your treatments in the privacy of individual rooms without being disturbed until your treatment is completed. I can tell you that my husband is really proud of me! He is always complimenting me now, which he never did before and I really can't blame him for not doing so in the past. Although I am only 5 feet, 2 inches, I was 136 lbs. and wore a tight size 12. Now I wear a size 5. Thanks so much, Pat Walker, for your marvelous program. I couldn't have done it without your help.

—Mrs. Pat Hanson, Reseda, California

A SPECIAL REDUCING OFFER SO THAT YOU CAN ENJOY SPRING WITH A NEW FIGURE.

Dear (Miss) or (Mrs.)

If you feel that your figure problems are next to hopeless, if you think that reducing will work for everyone else but not for you, if you think you are too old, or too young, or too flabby, or that being overweight runs in your family, or that your bone structure is too large, or too small, or that you have waited too long, or that you have an impossible reducing problem, or if you have found some unique, special excuse for your overweight problems, then this letter, which may be used as a special incentive offer, valued at \$20.00, may be used by you to start reducing now so that you can enjoy Spring with a new figure that you will be proud of, because you too can reduce quickly and easily in complete privacy, without strenuous exercise, without disrobing, without starvation diets as over 5,000,000 women have done with our program.

If you should make the decision to start reducing now you may use this letter, valued at \$20.00 this week only and apply it to the cost of your figure correction.

Sincerely yours,

Pat Walker

FREE TRIAL TREATMENT AND PHOTOMETRIC ANALYSIS

This letter invites you to come in or call for a COURTESY treatment and PHOTOMETRIC figure analysis without obligation and from the analysis we will tell you where you are going to lose, how long it will take and based upon \$2.00 per treatment we will tell you exactly how many treatments you need and the exact cost of your figure correction. It will then be your decision whether you reduce professionally with us or not, and if you should so decide, this letter is worth \$20.00 to you to be applied to your personalized figure correction program.

For your FREE Trial Treatment and Photometric Figure Analysis without obligation, come in or phone to reserve your appointment. Hours are 8 a.m. to 9 p.m. Monday through Friday; Saturday 9 a.m. to 2 p.m.

 COPYRIGHT 1970 PAT WALKER'S FIGURE PERFECTION INTERNATIONAL

The Wide, Wide World of Pat Walker

A maverick, completely feminine, at home in the divergent worlds of industry and beauty, Pat Walker is dedicated, colorful... many-faceted. She has become an international figure, as well known in such exotic places as Suva, in the Fiji Islands as she is in "beautiful downtown Glendale".

How did it all happen? How did this tiny dynamic Irish lass bring reducing to the natives of Kailua in the Pacific and to the sophisticated matrons of Los Angeles and points east? The story is one of perseverance, dedication, ingenuity and... success. But getting the 'Pat Walker Story' from this whirlwind is like embarking on your own private Odyssey! Whether she is personally selecting appointments for a new salon, reviewing newspaper advertisements, conferring on new leases, visiting one of her Southern California operations; keeping in touch with the figure problems of individual patrons through salon managers in all parts of the world—all these activities are part and parcel of the hectic day in the life of this lady executive. For that she is, without a doubt. But with all this proficiency in business, the quality which one finds most predominant is the truly warm and sincere character, dedicated to providing her patrons with the finest in comfortable, luxurious salons, and

most important, the most effective method of reducing.

Begins With One Salon

The wide, wide world of Pat Walker began with a single salon in southern California nearly twenty years ago and the conviction that the Pat Walker Salons would become a nationwide symbol, synonymous with reducing. Today, with salons in the continental United States, Kailua and Honolulu, Hawaii; Sydney, Australia, this symbol has become international.

A recent addition in Houston, Texas and several new locations on the board keep this dynamic lass building bridges of goodwill wherever she goes. Typical of the fascination Pat Walker has for millions of women is evidenced by her recent trip to Hawaii. When she disembarked from the plane, a group of her patrons welcomed her with traditional Hawaiian leis. At still another overseas location, some of her friends and former patrons gathered a musical group to herald her arrival. In the United States, when she is present at the opening of a new salon or makes one of her well known weekly appearances at a particular salon, many of her patrons make it a point to visit and she delights in meeting and chatting with new clients. Men and women alike have seen her in photos in hundreds of ads, some of them taken

with patrons; yet the inevitable element of wonder is there. The big surprise always seems to be that there really is a Pat Walker!

Develops Exclusive Method

She is considered a 'maverick' in the industry, because she developed the only original reducing method and has persisted in her determination to personally control every facet of the Pat Walker operation, every step of the way. I asked her why she doesn't franchise her business and lessen the strain of an increasingly demanding schedule. She remarked, "For nearly twenty years, we have been able to assure the quality of our method and our salon operations only by providing the kind of service and results which being in complete control affords. If we were to franchise", she continues, "we would no longer be able to guarantee our patrons the same excellence of performance from the moment they enter a Pat Walker Salon, until they have completed their figure correction". "Again", she states, "you must remember the emphasis we place on careful supervision of every phase of our business, beginning with the manufacturing of all our units." (This always comes as a surprise — people are not aware of the manufacturing plant she owns and operates in Los Angeles).

"The design, engineering and manufacturing of each

and every Pat Walker unit is under our control directly every step of the way at the factory, from the ordering of raw materials to final testing of completed units. Our electronically controlled unit programs each patron's figure correction.

Developed after seven years of research and a 1/2 million dollar development cost, the patented Pat Walker unit is more expensive to manufacture than most automobiles. Each unit weighs in excess of 900 pounds."

"Another first, and again, original, exclusive development is our Photometric Process. Researching for a completely accurate method for recording body measurement, we developed this unique process for measuring inch loss, utilizing the latest scientific developments. Photometric accurately measures and records the slightest change in a woman's figure... you can actually see the weight and inch loss!"

As she speaks, the charm and excitement of this remarkable woman prevails, whether she is reviewing the development of a new salon location, or planning some new charity event. But there is more than just business spinning around in her pretty head. Confined with rheumatic fever at eighteen — given six months to live, she resolved to conquer her illness and with the same

courage and fortitude she applies to every problem, made a complete and total recovery. The early years are passed over quickly in conversation with Pat Walker, for she is a woman on the move who has no time for dwelling on the past.

Charities Benefit Underprivileged Children

Little is known of her many charities, mostly involving children. Her compassion for a special group of 'unwanted' and 'underprivileged' children led to a monumental effort to beg, borrow and/or coerce every individual with whom she came in contact in business to donate to a charity event which she held in her home. Proceeds went to the children and the Pat Walker pervicacity once more prevailed. She gave unstintingly of her time, money and effort and expected everyone else to do the same. Businessmen and women were alternately badgered, charmed, commanded, wheedled or coaxed into supporting the effort. A party is held in her home for them at Christmas time and is an annual, personal Pat Walker event.

With Pat Walker, every day is an adventure. Accustomed to success in everything she undertakes, I quizzed her on the secret of her success in business and she answered, "I've never really taken the time to think about it, but I suppose if I had to point to a single dominating factor, I would cite the high standards of quality and perfection which have earned us the confidence of more than 5 million women. 'The surprising thing is', she continued, "that reducing problems are the same regardless of demographic factors. Women want to look their very best, regardless of their ethnic, economic or social backgrounds. And also, at Pat Walker's, we don't make ridiculous claims in our advertising and when we talk to our patrons, we don't insult their intelligence by telling a patron that she is going from a size 16 to a size 10 in two visits. Our patrons appreciate our 'telling it like it is'. When a woman comes into our salon, we give her a personalized figure analysis, without obligation, and tell her exactly where she needs to lose, how long it will take and what her reducing program will cost—and we guarantee results. Our patrons discuss their problems in private with us—their treatments are given in complete privacy, and they do not disrobe for treatments."

All these factors contribute to the ever growing list of more than 5 million satisfied patrons, and are responsible for the opening of salons in new areas, bringing the Pat Walker program to an ever-

increasing number of women internationally.

Reducing Statistics Compiled

Several questions came to my mind as I wondered about the oldest person ever to reduce, the youngest; the greatest amount of weight loss from a woman and which area of the body most often needs reducing. Firing my questions all at once brought nearly as quick a response as Pat Walker replied: "The oldest woman we have ever reduced was a 91 year old Los Angeles lady, and one of the youngest was a seven year old girl whose mother brought her into our salon after trying various diets and other methods. You might be interested in the greatest amount of weight we have reduced from one individual... that was a loss of 194 pounds from a

woman who had been obese for many, many years".

As I tagged along after Miss Walker on the way to the airport trying to keep up and to learn more about this fascinating, multifarious personality, the assemblage resembled a mass movement, instead of one little 5-foot, 3", 101 pound dynamo. First came Miss Walker, with some fourteen pieces of luggage (she was flying to Australia from Houston) giving staccato-voiced instructions to her secretary: "Remember to confirm my reservations to Australia; send me the process report on the units being built for the new salon; be sure to send me the color samples for the new draperies", and so on.

Then came the big, soft smile — her eyes lit up and I

knew the children were in sight. For Pat Walker, mother, is still another story and the most important of her life. Whenever she can, she moves appointments and cancels engagements to attend some special happening in their lives — it may be a party in the classroom of four year old Sean, or participating in one of twelve year old Bridget's many activities.

Chic, confident, mature, Pat Walker is definitely a woman on the move and measuring the wide, wide world of Pat Walker in a single profile becomes more and more difficult, as she continues to expand that world to bring the Pat Walker Reducing method to an ever increasing number of women in an ever growing number of figure perfection salons.

Precious moments spent with Sean and Bridget the Walker children, are shared with old canine family friend, Timmy.

CP joins linkup

The gentle pressure of a man's hand on a small lever initiated the use of one of the most powerful tools ever available to the faculty, staff and students in the 31-year history of California State Polytechnic College, Kellogg-Voorhis, Pomona.

In the Computer Center, Adm-105, President Robert C. Kramer officially started Cal Poly's new 3150 Control Data Corporation (CDC) computer, opening a new phase in College computer service, and record the College's participation in a computer linkup on the 19 California State Colleges (CSC).

According to Dr. Stuart Friedman, director of institutional research, and James P. Kilroy, automatic date processing manager, the CSC recently leased eight CDC computer systems, valued at approximately \$7 million. The systems, now being installed, will comprise a data processing network extending from Oregon to the Mexican border.

By participating in this multiple computer approach to data processing Cal Poly, Pomona can interface its programs to the CDC 3300 at Cal State, Los Angeles (CSCLA). Interfacing with the larger system will provide Cal Poly with the ability for statewide information processing and more complex problem solving. To solve extensive and complex problems, where a library of information on one subject is required, Cal Poly will transmit the problem to the 3300 center through its 3150. The 3300 will work the problem at CSCLA and feed the answers back to the College's 3150.

In addition to larger problem solving capabilities and statewide processing, the 3150 will give Cal Poly, Pomona a higher level version of FORTRAN than now available, and will bring COBOL to the campus for the first time. ALGOL, a popular computer language in foreign countries, will also be available to students, staff and faculty for the first time on this campus.

Kilroy said that the 3150 now being leased by this College is 10 times faster than the model previously used and will print out information at 1000 lines, or 136,000 characters a minute. The machine will be utilized fully for both instructional and administrative work.

Currently over 150 marketing students are using the computer for field problem solving and students in engineering are exploring the computer's ability to control another machine numerically.

Agricultural business management instructors use the computer to simulate business enterprises and give students on the spot job management training. Under this particular program students "manage" businesses, make decisions, etc. The management programs are fed into the programmed computer with computer feedback telling each student the degree of his or her management success, adequacy or failure. Other student and classroom programs also being run on the computer are in data processing, engineering circuit analysis, business administration, economics, and animal science.

Some of the computer's administrative tasks, in addition to its scope of scholastic duties, will be to keep track of all student records, grades and work completed; to keep cost information current on all physical plant work being done on campus; to maintain a physical inventory of all College supplies; and to process and compute the feasibility of all student class schedule programs.

Gas heat

During the past decade, the number of American homes equipped with gas-fired central heating systems increased from 9 million to more than 19 million. Half of the existing homes in the country are heated by natural gas—more than by any other fuel.

Teachers' class helps kids' creativity

LOS ANGELES—A program designed to train teachers in techniques of increasing children's creativity will be conducted June 22 through July 31 at the University of Southern California as a special offering of USC's 1970 Summer Session.

It is the Orff-Schulwerk Institute for Teachers, to be sponsored by the USC School of Performing Arts.

Orff-Schulwerk is an education system designed to develop children's natural expression through speech, movement and elemental musical instruments.

The Institute staff will include distinguished authorities on the system: Frau Gertrud Orff, co-worker in the original

German Orff-Schulwerk, Munich, Margit Cronmuller-Smith, Orff-Schulwerk consultant and teacher, Germany and Africa. Martha Maybury Wampler, Institute chairman, who has studied the system extensively in Austria and Germany.

USC faculty members from the education, fine arts and physical education fields will serve as institute lecturers.

The institute will provide up to eight units of graduate credit for participating teachers, depending on eligibility and interest in attendance at all or part of the institute.

Institute tuition is \$65 per unit.

Mrs. Martha Wampler, Orff-Schulwerk Institute for Teachers, Summer Session, Room 351, Administration Bldg., USC, University Park, Los Angeles (90007).

CUE PICK... Barbara Streisand was named by Cue magazine as "Entertainer of the Year."

USC plans free public astronomy lecture, telescope demonstration

Stargazers: attention! The University of Southern California's Department of Astronomy will present three planetarium lectures and will permit public viewing of the skies through the use of its 6-inch refracting telescope as a feature of USCaleidoscope, Sunday, April 19.

The lectures and use of the telescope will be free and open to the public as will all such events, entertainment, displays and parking during the 10 a.m. to 5 p.m. open house event, according to Dr. Gibson Reeves of Los Angeles.

"Stars over USC" will be the title of the lectures in USC's planetarium at 10:30 a.m. and again at 2:30 and 3:00 p.m. by Bill Peters of Los Angeles, student representative on the committee for the department's program.

Peters will make use of USC's Spitz A-3-P planetarium which is capable of simulating the night sky from any point on earth as early as it appears today and as it will appear in future time.

Reasonably clear skies will permit the planned public viewing with the

refracting telescope on the roof of USC's Allan Hancock Foundation between 11 a.m. and 2 p.m.

Simultaneously, there will be a spectroscopic exhibit in a room adjacent to the telescope, where visitors may view the emission line spectra of various gases.

Others participating in the Department of Astronomy's USCaleidoscope presentation will be Dr. John Russell of Los Angeles (90016), professor of astronomy, and Dr. Don Barry of Lomita, assistant professor of astronomy.

Business briefs

LOS ANGELES - Security Pacific National Bank's consolidated income before securities losses for the first quarter ended March 31, 1970, totaled \$13,980,762, equal to 83 cents per share, Frederick G. Larkin, Jr., chairman of the board and chief executive officer, reported Monday (April 6).

This compared with \$12,520,295, or 75 cents per share in the corresponding quarter of last year. Per share earnings for both periods are based on the 16,800,000 shares outstanding.

Larkin also reported that net income for the quarter ended March 31, 1970, amounted to \$13,769,393, or 82 cents per share.

PALM SPRINGS - O.L. McKenney, general manager of the Palm Springs Aerial Tramway, announced today that the past month of March was the second highest traffic month in the history of the Tramway. 38,775 passengers rode the world famous Aerial Tramway to the 8,516 foot Mountain Station.

The only other month that surpasses March, 1970 was April, 1965. The Tramway was then running from 8 a.m. until 10 p.m.

McKenney also stated that during the recent Easter holiday period traffic was up 26% over the previous Easter week.

New M. A. listed at grad school

CLAREMONT—A three-year pilot program for a new kind of master's degree will begin at Claremont Graduate School next fall.

The degree is called a Master of Arts in Liberal Studies. It is designed especially for the man or woman whose liberal college education is outdated or whose training was highly technical or professional.

Mrs. Elizabeth Cless, director of the Claremont Center for Continuing Education, said the program is "for adults who want to keep up with changing concepts about our lives and society."

Most students in the program will already have earned bachelor's degrees. They may be engineers, doctors, lawyers, businessmen, or housewives—adults who decide that they want to broaden their thinking in areas of the humanities, the social sciences, or the natural sciences.

For example, a housewife whose children are now in high school has expressed interest in the program. She has developed a deep interest in the area of social ethics through her community and church activities. Advisers in the new master's degree program will design a course of study for her. She may be able to take courses in sociology, religion, and psychology, prepare a research study on a project she chooses and do some guided reading. Then, after meeting general requirements and taking a comprehensive examination, she would qualify for the degree.

A businessman with an interest in ecology and environment would be able to set up a similar tailor-made program, drawing on courses available through two or more departments in the Graduate School related to his subject.

One course series required of all students in the program is the Colloquium I and Colloquium II offered by The Claremont Colleges Office for Special Academic Programs. These are seminars dealing with a wide variety of contemporary issues. The subjects might range from computers to Indian art and religion, and the many instructors come from the faculties of the six Claremont colleges.

The other course work will be divided between at least two departments of the Graduate School, but two or three courses must be taken from a single department to keep the student's study focused in a specific direction.

Working students will be able to study part time throughout the program. The usual requirement of one year's full-time study for the master's degree can be waived.

Dr. John Hutchison, faculty committee chairman for the program, said:

"This is study for its own sake. It is a traditional liberal arts program addressed to the problems of the 20th century world."

The enrollment in the pilot program will be limited to 10 students each year for three years. Applications for the 1970-71 academic year must be completed before May 1.

HELP WANTED Female

NOTICE: Many listings in the "male" or "female" columns are not intended to exclude or discharge application from persons of the other sex. Such listings are for the convenience of readers because some occupations are considered more attractive to persons of one sex than the other. Discrimination in employment because of sex is prohibited by 1964 Federal Civil Rights Act with certain exceptions (and by the law of California). Employment agencies and employers covered by the Act must indicate in their advertisement whether or not the listed positions are available to both sexes.

Calico express race to honor mail carriers

The Great Calico Pony Express Race, high point of the 1970 Calico Days Celebration at Calico Ghost Town, near Barstow, Cal., April 24, 25 and 26, will honor those gallant mail carriers who wrote a glorious page in American history. Some 600 horses and riders will participate in an eight-horse relay race across the Mojave Desert, racing more than forty miles, from Apple Valley to Calico Ghost Town, on Saturday, April 25, starting at 11 a.m.

Starting point of this great amateur equestrian classic has been fixed at the Equestrian Center of Boise - Cascade's new Spring Valley Lake development in Apple Valley. The public is cordially invited to attend.

The Great Calico Pony Express Race, co-sponsored by San Bernardino County's Regional Parks Dept. and Equestrian Trails, Inc., will re-enact one of the most exciting chapters in the history of transportation and Express.

In 1859 California's Senator Gwin persuaded Mr. Russell of the frontier wagon-freighting firm of Russell, Majors & Waddell to develop a fast mail service to the Pacific Coast. High costs, danger and seemingly insurmountable difficulties made the freight company unwilling to try such a venture. But Senator Gwin's persuasiveness and the possible loss of lucrative government freight contracts proved to be adequate leverage to overcome the misgivings of Russell, Majors & Waddell. The company agreed to try.

First considered was the old Butterfield stagecoach route, from San Francisco to Los Angeles, across the Colorado River and up the Valley of the Gila River, then to El Paso, crossing the Arkansas River at Fort Gibbons, and on to St. Louis. But the route was too long and could be easily cut off in the event of a war between the states.

Russell, Majors &

Waddell already ran a daily stage service from the Missouri River to Salt Lake City. Senator Gwin proposed that the company develop a pony express, following the route of the stagecoach to Salt Lake City and then on to Sacramento, crossing both the Rocky Mountains and the Sierras.

Gambling that Senator Gwin could win them a government subsidy for the pony express service, Russell, Majors & Waddell reluctantly set about to establish the pony express service over the northern route.

Costs were astronomical and problems were tremendous. It was necessary to build 190 new relay stations, with 400 to 500 horses, 200 stationkeepers, and eighty riders. Each rider averaged somewhat less than thirty miles, riding three horses in relays.

In emergencies the pony express riders rode much greater distances. Young Will Cody, later the famous Buffalo Bill, once carried the mail a distance of 320 miles in 21 hours and 40 minutes.

Messages were written on the finest tissue paper and the cost was five dollars per half ounce, paid in gold, for the 3000-mile transcontinental trip.

Letters were sent by fast train to St. Louis, then up the Missouri River by steamer to St. Joseph, where, on April 3, 1860, the first pony express rider waited on his horse, ready to snatch the precious mail pouch and streak westward to Sacramento. On the same day in Sacramento, Harry Roff started for the East on a tough California mustang.

The Pony Express survived less than sixteen months, however, supplanted by the telegraph. Before it stopped, Pony Express riders

were carrying seven hundred letters a week and rates had been reduced to a dollar per half ounce.

Only one mail pouch was lost. One horse drowned while swimming a river, but the rider and his mail escaped. Indians killed another rider, but the pony got away with the letter pouch.

The Pony Express was a glorious experience for the riders and the whole nation took pride in their daring efficiency.

The Great Calico Pony Express Race will be somewhat easier than the original. A limit of seventy-five horseback teams, composed of eight sound horses and from one to eight riders, will run a series of eight relays across the Mojave Desert, from Spring Valley Lake to Calico. Horses will be limited to a single five-mile relay. Strict veterinary checks

before and after each relay will safeguard horses against misuse and injury. There is no entry fee and riders will compete for trophies and belt buckles.

The 1970 Calico Days Celebration starts at two places on Friday, April 24. At Calico Ghost Town, opening ceremonies start at 3 p.m. with the crowning of the Calico Queen and the dedication of the new Calico post office. Meanwhile, the horse camp at Boise-Cascade's Spring Valley Lake will be busy all day Friday with final registration for the Great Calico Pony Express Race.

Saturday morning, April 25, radio-TV-recording star Pat Buttram will emcee Boise-Cascade's pre-race entertainment at Spring Valley Lake for horsemen and spectators until the Great Calico Pony Express Race starts at 11 a.m.

Calico Ghost Town, halfway between Los Angeles and Las Vegas off Interstate 15, will be the center of activity. Besides the Great Calico Pony Express Race, there will be pageantry, Western music and dancing, gunfighters and old-fashioned contests, a steer barbecue, a two-day championship rodeo in nearby Yermo, art and artifact exhibits, the Giganic Calico Horse Parade on Sunday, April 26, and general fun and merriment in the authentic old 1880's silver mining town during the entire three days.

Horsemen who wish to enter the Great Calico Pony Express Race or the Giganic Calico Horse Parade may obtain complete information and entry blanks by writing to Ed. Henry, Calico Days Coordinator, P. O. Box 272, North Hollywood, Cal. 91603.

2,000 grant
The chemical engineering department of the Cal Poly, Pomona School of Engineering has received a \$2,000 departmental assistance grant from the Gulf Oil Foundation.

The grant was presented to Cal Poly President Robert C. Kramer by James F. LeSage, Gulf regional vice president for public and community affairs, and R. E. Wohlgenuth, Gulf's Santa Fe Springs refinery manager.

Cover-up

Washable, zip-on pillow covers may be dried in your automatic gas dryer, according to gas company home economists. Regulate time and temperature according to type of fabric. Follow manufacturers' instructions, if supplied.

LEGAL

ORDINANCE NO. 875
AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF UPLAND, CALIFORNIA, ORDERING, CALLING, PROVIDING FOR AND GIVING NOTICE OF A SPECIAL ELECTION TO BE HELD IN THE CITY OF UPLAND ON JUNE 2, 1970 FOR THE PURPOSE OF SUBMITTING TO THE VOTERS OF SAID CITY A PROPOSITION TO INCUR BONDED INDEBTEDNESS FOR THE ACQUISITION, CONSTRUCTION AND IMPROVEMENT OF PUBLIC PARKS WITHIN THE CITY OF UPLAND AND CONSOLIDATING SAID ELECTION WITH THE STATEWIDE PRIMARY ELECTION TO BE HELD ON SAID DATE.

WHEREAS, the City Council of the City of Upland, California, DOES ORDAIN as follows:

Section 1. That a special election be held and the same is hereby called to be held in said city on June 2, 1970, for the purpose of submitting to the qualified voters of said city the proposition hereinafter set forth of incurring indebtedness and issuing bonds of said city therefor, in the amount hereinafter set forth, and for the object and purpose set forth in said resolution hereinafter set forth.

Section 2. That the estimated cost of the municipal improvements described in said ballot proposition is the sum of \$650,000.00 and that the amount of the principal of the indebtedness to be incurred therefor is the sum of \$650,000.00. The estimated costs of said municipal improvements includes the following: (a) legal or other fees incidental to or connected with the authorization, issuance and sale of the bonds, and (b) the costs of printing the bonds and other costs and expenses incidental to or connected with the issuance and sale of the bonds.

Section 3. That the maximum rate of interest to be paid on said indebtedness shall not exceed the maximum rate permitted by law, to wit, seven per cent (7%) per annum, payable annually the first year and semi-annually thereafter, the actual rate or rates of interest on said bonds to be determined at or prior to the time of the sale or sales thereof.

Section 4. That the polls for said election shall be opened at seven o'clock A.M. of the day of said election and shall remain open continuously from said time until eight o'clock P.M. of the same day, when said polls shall be closed, except as provided in Section 14436 of the Elections Code of the State of California.

Section 5. That on the ballots to be used at said special election, in addition to any other matters required by law, there shall be printed substantially the following:

MARK CROSS (X) ON BALLOT ONLY WITH RUBBER STAMP; NEVER WITH PEN OR PENCIL.

(ABSENTEE BALLOTS MAY BE MARKED WITH PEN AND INK OR PENCIL.)

INSTRUCTIONS TO VOTERS

To vote on any measure, stamp a cross (X) in the voting square after the word "YES" or after the word "NO". All marks except the cross (X) are forbidden. All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly stamp, tear or deface this ballot, return it to the inspector of election and obtain another.

On absent voter ballots mark a cross (X) with pen or pencil.

CITY BOND PROPOSITIONS: BONDS FOR PARK ACQUISITION AND IMPROVEMENT. Shall the City of Upland incur a bonded indebtedness and issue bonds in the sum of Six Hundred Fifty Thousand Dollars (\$650,000.00) for the purpose of providing funds for the acquisition of land for public parks and the construction and improvement of public park facilities in the City of Upland, including the purchase of recreational equipment therefor?

Section 6. That a cross (X) placed in the voting square after the word "YES" in the manner hereinbefore provided shall be counted in favor of the adoption of the proposition. A cross (X) placed in the voting square after the word "NO" in the manner hereinbefore provided shall be counted against the adoption of the proposition.

Section 7. That if the proposition for the incurring of bonded indebtedness so submitted receives the requisite number of votes, to wit, two-thirds of the votes of the qualified electors voting on said proposition, bonds of said city, in not exceeding the principal amount stated in such proposition, may be issued and sold for the object and purpose set forth in said proposition.

Section 8. That the special

LEGAL

election hereby called, shall be and is hereby ordered consolidated with the statewide primary election to be held in said city on June 2, 1970, and such elections shall be held in all respects as if there were only one election and only one form of ballot shall be used therefor. The precincts, polling places and officers of election for this special election shall be the same as those provided for the "direct primary election" as the same is defined in Section 26 of the Election Code of the State of California and said precincts, polling places and officers of election are those provided in the City of Upland in pursuance to the said Election Code for "direct primary elections".

Section 9. That except as otherwise provided in this ordinance, the election called hereby shall be conducted as provided by law for other municipal elections in said city.

Section 10. That the City Clerk shall cause this ordinance to be published once a week for two weeks in the UPLAND NEWS, a newspaper published less than six days a week in said city.

That the City Clerk shall further cause this ordinance to be posted in three public places in the City of Upland for two succeeding weeks.

No other notice of such election need be given.

Section 11. This ordinance shall take effect upon its passage.

ADOPTED, SIGNED AND APPROVED THIS 6TH day of April, 1970.

ORDINANCE NO. 873

ORDINANCE OF THE CITY OF UPLAND AMENDING CHAPTER I OF ARTICLE VIII BY ADOPTING THE 1967 EDITION OF THE UNIFORM BUILDING CODE, VOLUME III "HOUSING CODE" PREPARED BY THE INTERNATIONAL CONFERENCE OF BUILDING OFFICIALS, INCLUDING THE APPENDIX THEREOF

WHEREAS, there has been filed in the office of the City Clerk of the City of Upland, three copies of Volume III of the Uniform Building Code, 1967 Edition, prepared by the International Conference of Building Officials and copyrighted in 1967 by said International Conference of Building Officials, and which has been printed as a code in book form.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF UPLAND DOES ORDAIN AS FOLLOWS:

Section 1. CHAPTER 8 OF ARTICLE VIII is hereby added to the Uniform Municipal Code to read as follows:

CHAPTER 8 - MINIMUM REQUIREMENTS FOR HOUSING - RESIDENTIAL BUILDINGS.

SECTION 8800 - Adoption of Housing Code as Contained in Uniform Building Code, Volume III.

A certain document, three copies of which are on file in the office of the City Clerk of the City of Upland, being marked and designated as Volume III of the Uniform Building Code, 1967 Edition, and published by the International Conference of Building Officials known as "Housing Code" which provides for minimum requirements for the protection of life, limb, health, property, safety and welfare of the general public and the owners and occupants of residential buildings, is hereby referred to and adopted as a part of the Uniform Building Code and the Municipal Code of the City of Upland and made a part of the same as fully set forth as set out in this section except as such Uniform Building Code, Volume III is amended by the provisions of this code.

SECTION 8801 - Amendment to Uniform Building Code, Volume III, known as the "Housing Code".

The following section of Volume III of said Uniform Building Code as aforesaid shall be and the same is hereby amended to read as follows:

(A) SECTION H-203 IS HEREBY AMENDED TO READ AS FOLLOWS:

SECTION H-203. BOARD OF APPEALS.

In order to provide for reasonable interpretation of the provisions of this Code and to

hear appeals provided for hereunder, the Council of the City of Upland, consisting of five (5) members, shall serve as the Board of Appeals unless and until said Council specifically elects to establish a Board of Appeals consisting of personnel other than the members of the Council. In the event that the Council shall elect to establish a Board of Appeals, they shall create a Housing Advisory and Appeals Board, consisting of five (5) members who are qualified by experience and training to pass upon matters pertaining to housing. The building official shall be an ex officio member and shall act as the secretary of the board. The Housing Advisory and Appeals Board shall be appointed by the Mayor and shall hold office at his pleasure. The Board shall adopt reasonable rules and regulations for conducting its investigations and shall render all decisions and findings in writing to the building official with a duplicate copy to the appellant and may recommend to the City Council such new legislation as is consistent therewith. Whenever "Board of Appeals" or "Housing Advisory and Appeals Board" as used in this Code, it shall refer to the City Council unless said Council elects to designate other personnel as set forth in this section.

SECTION 2. The City Clerk shall cause this Ordinance to be published once, within fifteen (15) days after its passage, in the Upland News, a newspaper of general circulation, printed, published and circulated in the City of Upland; shall certify to the adoption and publication of this Ordinance, shall cause this Ordinance and her certification, together with proof of publication, to be entered in the book of Ordinances of this City, and the Mayor shall sign the same.

ORDINANCE NO. 872

AN ORDINANCE OF THE CITY OF UPLAND AMENDING CHAPTER 3 OF ARTICLE VIII OF THE UPLAND MUNICIPAL CODE BY ADOPTING THE 1968 EDITION, AS COMPILED, EDITED, AND INDEXED BY THE SOUTHERN CALIFORNIA CHAPTER, INTERNATIONAL ASSOCIATION OF ELECTRICAL

LEGAL

INSPECTORS AND THE NATIONAL ELECTRICAL CODE, 1968 EDITION. WHEREAS, there has been filed in the office of the City Clerk in the City of Upland, three copies of the Uniform Wiring Code, 1968 Edition, compiled, edited and indexed by the Southern California Chapter of the International Association of Electrical Inspectors and the National Electrical Code, 1968 Edition, which have been both printed in book form, and WHEREAS, the City Council finds that this Ordinance should be adopted for the purpose of updating the regulations for electric installations in the City of Upland.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF UPLAND DOES ORDAIN AS FOLLOWS:

Section 1. SECTION 8300.1 of the Upland Municipal Code is hereby amended to read as follows:

SECTION 8300.1 - Adoption of Electrical Code.

Certain documents, three copies of which are on file in the office of the City Clerk, being marked and designated as Uniform Wiring Code - 1968 Edition, as compiled, edited and indexed by the Southern California Chapter, International Association of Electrical Inspectors and National Electrical Code - 1968 Edition, respectively, and supplements thereto, are hereby adopted as the Electrical Code of the City of Upland; and each and all of the regulations, provisions, penalties, conditions and terms of said code on file in the office of the City Clerk are hereby referred to, adopted and made a part hereof as if fully set out in this chapter.

SECTION 2. SECTION 8300.2 of the Upland Municipal Code is hereby amended to read as follows:

SECTION 8300.2 - Amendments to Electrical Code.

The following sections of the 1968 Edition of the Uniform Wiring Code incorporated by reference in Section 8300.1 of the Upland Municipal Code are hereby amended as follows:

(A) SECTION 10.1 IS AMENDED TO READ AS FOLLOWS:
